

# Preliminary Report

Bill Lockyer, Attorney General  
California Department of Justice  
Division of California Justice Information Services

## CRIME 2002

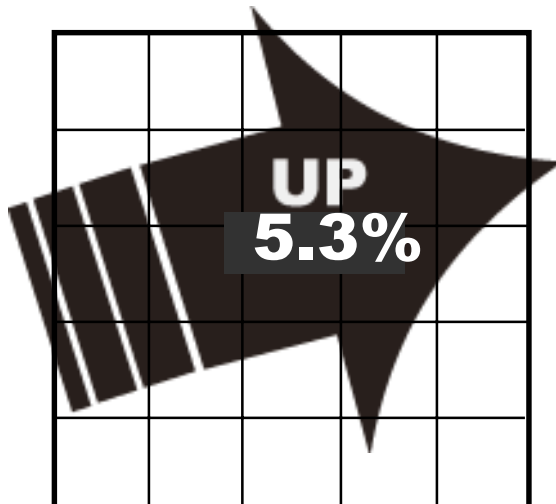

In Selected California Jurisdictions  
JANUARY THROUGH SEPTEMBER

This report compares preliminary crime counts for the first nine months of 2002 with counts for the same period in 2001 for jurisdictions with populations of 100,000 or more. It is estimated that the 78 jurisdictions which meet this criterion account for approximately 65 percent of the crimes reported in the state.

Jurisdictions are grouped into three categories:

- Police Departments, which provide law enforcement services for incorporated cities.
- Sheriff's Departments, which provide law enforcement services to unincorporated areas within the county.
- Contract Cities, which are incorporated cities that contract for law enforcement services (usually with a sheriff's department) rather than maintain their own police force.

Data used in this report are preliminary counts and subject to change. Crime counts are not adjusted by population. Statewide adjusted data (rates) are included in the annual *Crime and Delinquency in California* publication.

### CALIFORNIA CRIME INDEX

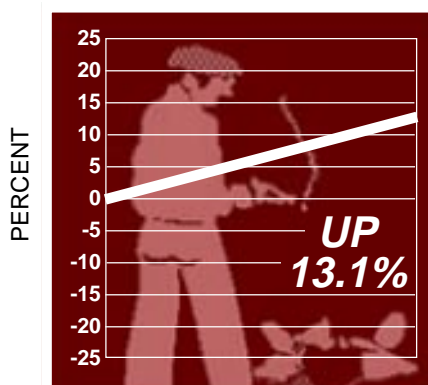

**CALIFORNIA CRIME INDEX** offenses are homicide, forcible rape, robbery, aggravated assault, burglary, and motor vehicle theft. During the first nine months of 2002, the number of reported offenses increased 5.3 percent when compared to the same period in 2001.

- The California Crime Index increased 5.3 percent in number.
- The number of violent crimes increased 0.8 percent.
- The number of property crimes increased 7.9 percent.

Notes: Dash indicates that data are not available or that percent changes are not calculated when base numbers are less than 50. Percent changes are also not calculated for agencies with incomplete data.

This report includes data submitted to the Criminal Justice Statistics Center by the cutoff date of December 16, 2002.

Counts reflect the number of actual offenses. Unfounded crime counts are not included.

Sheriff department counts are for unincorporated areas and do not include contract cities that report under their own NCIC number.

The California Highway Patrol reports motor vehicle theft for some county sheriff's departments. Therefore, sheriff department figures for this category may not reflect all reported motor vehicle thefts.

Butte County Sheriff's Department is not included in this report because their population, as reported by the California Department of Finance, fell below 100,000.

<sup>1</sup>The FBI Crime Index total includes the California Crime Index total, larceny-theft, and arson.
