

Preliminary Report

California Department of Justice
Division of Criminal Justice Information Services

CRIME 2000

In Selected California Jurisdictions

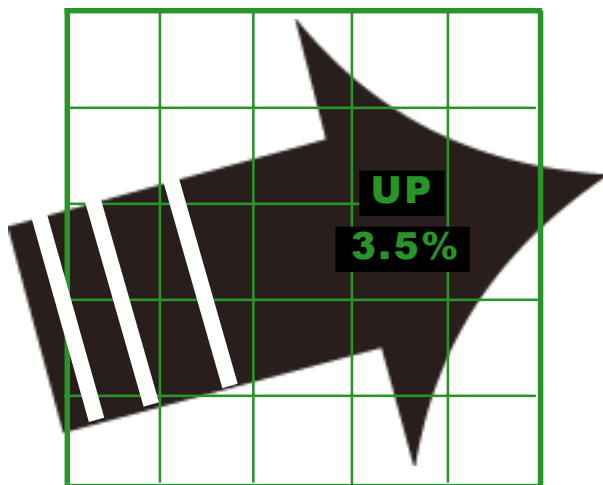

JANUARY THROUGH DECEMBER

This report compares preliminary crime counts for 2000 with final counts of 1999 for jurisdictions with populations of 100,000 or more. It is estimated that the 77 jurisdictions which meet this criterion account for approximately 65 percent of the crimes reported in the state. All 77 agencies were able to meet the cutoff date for 2000 data submission. However, due to technical problems with a records management system, data for two agencies are shown on the following table but not included in totals used in the narrative.

Jurisdictions are grouped into three categories:

- Police Departments, which provide law enforcement services for incorporated cities;
- Sheriff's Departments, which provide law enforcement services to unincorporated areas within the county; and
- Contract Cities, which are incorporated cities that contract for law enforcement services (usually with a sheriff's department) rather than maintain their own police force.

Data used in this report are preliminary counts and subject to change. Crime counts are not adjusted by population. Statewide adjusted data (rates) are included in the annual *Crime and Delinquency in California* publication.

Notes: Dash indicates that data are not available or that percent changes are not calculated when base numbers are less than 50. Percent changes are also not calculated for agencies with incomplete data.

This report includes data submitted to the Criminal Justice Statistics Center by the cutoff date of February 15, 2001.

Counts reflect the number of actual offenses. Unfounded crime counts are not included.

Sheriff department counts are for unincorporated areas only and do not include contract cities.

The California Highway Patrol reports motor vehicle theft for some county sheriff's departments. Therefore, sheriff's department figures for this category may not reflect all reported motor vehicle thefts.

¹The FBI Crime Index total includes the California Crime Index total, larceny-theft, and arson.

²Riverside County Sheriff's Department and its contract agency (Moreno Valley) implemented a new records management system mid-year 1999 and experienced technical problems with the system. Totals reported for 1999 were not valid and should not be used to make comparisons. Therefore, to maintain comparability of 2000 data with 1999 data, counts are shown but not included in the subtotals or total selected jurisdiction counts.
