NAME CHANGE REQUEST - DIAMOND JIM'S CASINO BAD-BEAT JACKPOT

(4-8-06)

Diamond Jim's Casino would like to rename their regular Bad-Beat Jackpot as the "E-Z Way Bad-Beat Jackpot". All designated Hold-em games would be eligible for this jackpot. Double jackpots for all types of jackpot would be available when playing at a designated and posted "Double Jackpot" table.

CURRENT BAD-BEAT JACKPOT STRUCTURE

NAME	TYPE	SEED	PAYOUT	REQUIREMENTS
Bad-Beat Jackpot	Progressive	Minimum \$5,000	50% to 2 nd best hand, 25% to pot winner, 25% split w/other active players in the hand at the jackpot table.	Aces full of tens, or better, beaten by four-of-a-kind, or better, both hole cards must play.
Mini Bad-Beat Jackpot	\$800 fixed	None	\$400 to 2 nd best hand, \$200 to pot winner, \$200 split w/other active players at the jackpot table.	Aces full beaten by Aces full, both hole cards must play.

NEW PROPOSED BAD-BEAT JACKPOT STRUCTURE

NAME	TYPE	DOUBLE TABLES	SEED	PAYOUT	REQUIREMENTS
Monster Bad-Beat Hold-em	Progressive w/ designated cap	Designated games & tables at exactly double the posted amount.	Designated amount	50% to 2 nd best hand, 25% to pot winner, 25% split w/all other active Hold-em jackpot players at all tables playing for the same jackpot.	Four 4s, or better, beaten by four of a kind, or better, both hole cards must play <u>and</u> four-of-a-kind hands must use hole card pairs.
E-Z Way Bad-Beat Hold-em	"	"	"	50% to 2 nd best hand, 25% to pot winner, 25% split w/other active players in the hand at that table.	Aces full of tens, or better, beaten by four-of-a-kind, or better, both hole cards must play.
Mini Bad-Beat Hold-em	Designated fixed amount	"	"	"	Aces full beaten by Aces full, both hole cards must play.

Specific Information (Applies to all Bad-beat Jackpots)

One jackpot per hand

Players may win only one type of jackpot per jackpot hand.

All jackpots are no purchase necessary promotions (NPN).

All bad-beat jackpots are no purchase necessary promotions. (See attached "NPN" information)

No "Counterfeit" Bad-Beat Hold-em Jackpots

If there are two hands that otherwise meet all requirements for a jackpot it will be a valid jackpot even if there are better hands that use only one hole card. Any player using only one hole card in a jackpot situation will receive a player's share. If more than two hands qualify using both hole cards, the best qualifying hand and the second best qualifying hand will win the jackpot and the other hands will receive a player's share.

Bad-Beat jackpot collection

The collection for all regular bad-beat jackpot games will be \$1 per hand. The collection for all double bad-beat jackpot games will be a designated amount per hand

All blind games will be "inherit the position"

Every blind game will simply have: One dealer button, one small blind and one big blind every hand. There will no longer be any situations requiring two big blinds. If a player takes any blind and quits the game or multiple players quit at the blinds - the positions will simply rotate to the remaining players: one button, one small blind and one big blind, in that order. (No two big blinds, etc.) This means that sometimes a player might get lucky and not be required to put in a big and/or a small blind. These players simply "inherit the position" caused by the players who left the game. This new structure has no effect on continuing players who have missed their blind or new player situations. These rules remain the same.

Omaha Hi/Lo & Omaha

The Omaha Bad-Beat Jackpot will involve a separate posted jackpot amount. Omaha will only have one designated, progressive jackpot and one designated fixed mini jackpot. The hand requirements for Omaha will be designated and posted. The current designated hand requirements are: Four 9s or better beaten and the jackpot division is 50% to 2nd best hand, 25% to pot winner, 25% split w/other active players in the hand at that table.

Seven-card stud & Seven-card stud Hi/Lo

The Stud Bad-Beat Jackpot will involve a separate posted jackpot amount. Seven-card stud will only have one designated, progressive jackpot. The hand requirements for Seven-card stud will be designated and posted. Seven-card stud Hi/Lo will have one designated high hand jackpot and one designated low hand jackpot. The hand requirements will be designated and posted.

Bonus Prizes

From time to time DJC will offer extra rewards to bad-beat jackpot winners. Awards could include partial or complete tournament entries or selected items from our player tracker awards list or any designated item. The cost of such awards will be deducted from the bad-beat jackpot fund. Any bonus awards will be designated and posted throughout the casino.

The Casino will offer match play coupons having a face value from \$5 to \$500 per coupon. The amount will be clearly stated on the coupon. Each coupon will state the specific qualifying game(s) that the voucher may be used on. The wager must be equal to the amount of the match play coupon and a player's winning hand will be paid his/her wager as well as the listed amount on the match play coupon. When the player uses a match play coupon and the hand loses, the player will only lose his/her original wager and the match play coupon is collected and voided. The player-dealer will then have a key employee sign the voucher verifying that it has been won. All winning vouchers are

Diamond Jim's Casino

verified and signed by a key employee. Winning vouchers are taken to the cage by the key employee, logged, and exchanged for the value listed on the coupon(s). If a player loses, the money part of the wager is collected by the player-dealer, and the voucher is voided and collected as well. If the player pushes (receives no action), the voucher may be played again until the player wins or loses a hand.

EXAMPLE: *A person receives a match play voucher with a value of \$5.00 that specifically states it may be used to place a wager on the Pai Gow Poker table. The person would place the voucher on the gaming table; place a bet that matches the amount on the voucher, and pay the posted collection (if applicable) for a single hand of play. The collection fee is based only on the wager and not the coupon. If the player wins the hand, he/she will receive \$10.00 just as if they had placed a \$10.00 bet and the player-dealer will collect the voucher.*

Free Play Chip

The Casino will offer free play chips having a face value from \$5.00 to \$500.00 per chip. The free play chips are used in live games exactly like regular chips, the difference being that they cannot be exchanged for cash.

The free play chips shall initially be in the form of a coupon which shall be offered to all patrons that wish to come into the Casino and use them to play. Patrons may be awarded free play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. When a patron receives a free play coupon he/she shall take the coupon to the cage for verification, logging, and redemption of the free play chip(s) to be used in a live game. Each coupon shall state the specific qualifying game(s) that the free play chip(s) may be used on.

Promotional chips shall be used as the player's bet and placed on the betting circle. Promotional chips shall not be taken into the dealer's tray, nor shall they be paid from the dealer's tray. If the player wins the hand, he/she would be paid \$10.00 by the person in the player/dealer position just as if he/she had placed a \$10 bet. The free play chip will be collected by the person in the player/dealer position. The player-dealer will then have a key employee verify that the chip has been played. All played free play chips are verified by a key employee. The free play chip is taken to the cage by a key employee, logged, and exchanged for the value listed on the chip. If the player loses the hand, the free play chip is forfeited and will be collected by the casino dealer and dropped in the drop box for accounting purposes. If the player pushes (receives no action), the chip may be played again until the player wins or loses a hand.

EXAMPLE: *A person receives a free play chip coupon for \$10.00 that specifically states it can be used to place a wager on the No Bust Blackjack table. The player would take the coupon to the cage. Cage personnel would log the redemption code of the coupon and exchange the coupon for a promotional free play chip. The player would then place*

 RE: Promotion

Via Facsimile

Dear Ms. Asuncion:

We wish to start a promotion that involves numbered tickets and a spinning wheel. This is how we propose to run this promotion.

We will give out two-part numbered tickets to all persons in the casino, restaurant, and bar whether or not they are playing casino games. Tickets will be handed out a few minutes before the scheduled drawing times. Diamond Jim's Casino will make every effort to make sure that everyone has a ticket except working employees, by announcing several times on the loud speaker that if anyone needs a ticket for the drawing, please come to the podium to receive a ticket for the free drawing. The part that we keep goes into a locked ticket drum. A sign will be posted giving all the pertinent information to all patrons about the drawings as to the times, etc., and that 'you must be present to win' and 'no purchase is necessary' and 'reserves the right to cancel at anytime'.

The Money Wheel will be spun at 3,5,8 and 11:00 P.M. The Money Wheel has to make at least two complete revolutions. Any number that the paddle lands on will be multiplied times \$5.00 for the 3:00, 5:00 and the 11:00 P.M. At the 8:00 P.M. drawing, the number the paddle lands on will be multiplied times \$10.00. There is one Joker and Flag category on the wheel that will pay \$150.00 if the paddle lands on it at the 3, 5 and 11:00 P.M. spin. At the 8:00 P.M. spin, if the Joker or Flag category is hit, these will pay \$400. The patron will receive cash.

All winning tickets will be put back into the locked drum, and the patrons are asked to keep their portions of their tickets for a Friday Night extra drawing at 9:00 P.M. This drawing will be for prizes such as televisions, VCR's, DVD's, or other household items that have an estimated value of \$250.00.

If there is further information which you need, please do not hesitate to call me at my home: (562) 862-7308, or by fax (562)869-6465. Thank you for your assistance with this.

Sincerely,

PLAYER TRACKING SYSTEM PRIZE REWARDS
DIAMOND JIM'S CASINO

(3-17-06)

Diamond Jim's Casino proposes to implement a system of prizes and cash rewards for patrons that voluntarily participate in a system that tracks the number of hands played. By enrolling in this tracking system and offering their personal tracking card when entering a game, customers would receive points for playing in all our offered games with higher limit games receiving more points per hand and lower limit games receiving fewer points per hand. Management would designate and post the amount of points that can be earned per game and will offer bonus points for play at certain times. Player points would be a no purchase necessary promotion and governed by our "NPN" rules. (Attached)

The prizes to be offered would be grouped according to the value. The list of offered rewards would be designated and posted throughout the casino. Items could change from time-to-time, discounted "on sale" for reduced points and seasonal gift rewards would be offered. The designated point value of a prize would be based in part on the retail value of the item and/or our estimate of that retail value. Points necessary for an item could be adjusted up or down but at all times the number of points required to win each available item would be designated and clearly posted.

Pocket Pair Beat Promotion

General Rules

The gaming activity involves no other entity other than the house. There is no copyright, patent, or license involved with this activity.

Standard poker tables will be utilized for this activity. A standard 52 card poker deck will also be utilized as well as licensed, professional dealers. Our tables are equipped with Shuffle Master in table shuffling machines.

This bonus, jackpot, is paid to a player in a Texas Hold'em poker game if that player;

- Receives two aces as his/her first two cards that are dealt face down.
- Completes play on all four rounds of the hand, pre-flop, flop, turn and river, and does not fold the hand.
- Completes the applicable bets on each round. If the player goes "all-in" this is considered to have completed all bets.
- Loses the hand on the "showdown", after the final round of betting.

The cash prize for the bonus jackpot will be:

Ace – Ace (Same Color)	Range between \$25 to \$100
Ace – Ace (Any Color)	Range between \$25 to \$100
King – King (Any Color)	Range between \$25 to \$100
Queen – Queen (Any Color)	Range between \$25 to \$100

The jackpot amounts will be pre-determined and posted by the casino.

The player holding "pocket aces", "pocket kings," or "pocket queens" can make no sign or gesture, whether verbal, visual, or otherwise to any other player that he/she holds the qualifying hand. Any signs or gestures will invalidate that hand for the jackpot. There will be no extra collection taken for this bonus, jackpot, other than the \$1.00 which is already being collected for the Hold'em Monster Bad Beat Jackpot GEGA-001965. The jackpot will re-seed after it has been awarded.

If more than one seat receives a qualifying hand on the same round of play, each qualifying hand will receive the full amount of the jackpot. The jackpot will not be valid during tournament play and is only valid during "live" game play. Casino Employees are always eligible to participate in the gaming activity.

No Purchase Necessary: The Pocket Pair Beat Promotion will be offered for free, on a general and indiscriminate basis, with no restrictions to patrons who wish to participate in a No Purchase Necessary (NPN) game. The Casino will provide NPN tables for all patrons who request to participate in the jackpot without paying a table fee or placing a wager. The NPN player must adhere to all rules as the live player. All advertisements shall state "No purchase Necessary" for the Pocket Pair Beat Promotion.

This promotion will be offered during selective hours at the Casino's discretion. The hours will be clearly posted within the Casino.

“Poker Pot Splashin’”

SUMMARY

Based on customer demand and industry trends, Diamond Jim's Casino (DJC) proposes to add a gaming activity to all currently approved poker games. During designated times of the day, there will be a series of “pot splashes” whereby the casino will pick a table at random and inject a designated amount of chips into the live pot on that table. The player that wins that hand will win the pot plus the amount added. Once the table is announced, the next hand will have a predetermined amount added to the pot. Patrons will be given ample advanced notice of those designated times.

RULES OF PLAY

The Poker Pot Splashin’ features a promotional element which shall be attached to all poker games currently approved at Casino. The player with the winning hand shall win the pot, including the added prize amount. In the event of a tie, the winning players shall split the pot evenly.

Bureau Requirements

Advertising

Diamond Jim's Casino may advertise various names for this gaming activity. Should Diamond Jim's Casino advertise a different name, the BGC ID (GEGA-004328) shall be referenced on all advertisements relating to the Sport's Squares.

Furthermore, all rules and procedures for this promotion, including but not limited to the following, shall be prominently displayed in Diamond Jim's Casino at all times the promotion is being offered:

- Prize amount or item.
- Eligible controlled games and time periods.
- Schedule of when prizes shall be awarded including if a sporting event goes beyond its normal stopping point.
- Any No Purchase Necessary opportunity.
- Any other applicable restrictions.

Eligible Controlled Game

The Sport's Squares shall be attached to all Bureau approved Poker games offered at Diamond Jim's Casino at all times that the gaming activity is being offered for play. All controlled game rules shall be played as previously approved by the Bureau.

Rules of Play

During a pre-determined and posted sporting event, Diamond Jim's Casino will allow seated players to put their name in a square on the Sport's Square board. Players will receive a square when they make one of the qualifying hands listed below. That player will put their name on the promotional winner form in addition to their name going on a white board. The board will have 100 squares (10 squares by 10 squares). Each row will be numbered vertically and horizontally from 0 to 9. The only other information listed on the board will be the team names. Players can sign up for a square no more than 1.5 hours prior to the start of the sporting event. Squares are issued on a first come, first serve basis. One square, per person will be chosen by the seated player. One team will be represented by the vertical numbers, and the other team will be represented by the horizontal numbers. These numbers will correspond to the score of the game. The numbers assigned to each square are determined by the point where each vertical and horizontal line intersects on the board. At a pre-determined point of the sporting event (quarter, inning, half time, final, etc.), the player who's corresponding numbers of their square match the score at that time will be the winner of the posted prize amount. Only the last digit of each team's score will be applied to the numbers on the board. (A score of 7 to 14 will be compared on the board as 7 to 4).

If the sporting event goes beyond its normal stopping point, as in the case of a tie, the promotion will continue and prizes will continue to be awarded in the same manner as they were during the normal regulation time of the sporting event, according to the rules posted for that event. For example, if a football or basketball game has a prize given away at the end of each quarter, and the game goes into overtime, a prize will be given at the end of each quarter played. In a baseball game, if there is a prize given away at the end of every third inning, the same format will be used if the game goes into extra innings. If only two extra innings are played, there is no prize awarded. The rules for the event will state the designated time(s)

Sport's Squares
