Dear Lee Adamson,

The Lucky Derby Casino (LDC) is requesting a new promotion in our Blackjack and Joker's Wild Pai Gow Poker game. The new promotion is called "Car Giveaway." LDC will be giving away a brand new or used car every 4 months in our Blackjack and Joker's Wild Pai Gow Poker game. The drawing will be held on the last Wednesday of every 4th month. "Car Giveaway" dates and times will be posted throughout the casino. The estimated value of the car will be in the price range from \$15,000-\$100,000. The car will be on display at the LDC at all times until the car is given away on the 4th month. LDC will fund the car (LDC will pay for all applicable sales tax on the car, licensing and registration fees) and any cash given away for the "Car Giveaway." The amount of the car's value can change due to business conditions. LDC will give ample notice to the patrons of the Casino relating to the change.

The "Car Giveaway" will begin at 6:00pm continuing on until 12am. Ten (10) names will be drawn between 6:00pm and 12am. Drawing times will be posted in the casino for the duration of the "Car Giveaway" promotion. Drawing times may change due to business conditions. The last drawing for the night will be held at 12am. After the last drawing, the ten (10) car key winners will then try to start the car. There will only be one (1) winner that will take home the car on the drawing night. The car on display at the LDC will be the car won by the winner. The other nine (9) car key winners will receive \$300 cash for winning a car key. Players must be present at the drawing in order to win any "Car Giveaway" prizes. Winning tickets not claimed within 1 minute after the winners name is called will be dismissed and another drawing will be held. Players can win more than one (1) prize in the "Car Giveaway" drawings.

Players can earn tickets to the "Car Giveaway" drawing by receiving a Joker-Joker or Joker-Ace in all Blackjack table games and limits and/or by playing at the No Purchase Necessary table. Players can earn tickets to the "Car Giveaway" drawing by receiving a Four-of-a-kind or better (Joker can be used) in all Joker's Wild Pai Gow Poker games and/or by playing at the No Purchase Necessary table. Each player betting on the Qualifying Hand (Joker-Joker or Joker-Ace in Blackjack or Four-of-a-kind or better, Joker can be used, in Joker's Wild Pai Gow Poker) will receive an entry ticket to the "Car Giveaway" drawing.

Winning entry tickets cannot be transferred to another player. Players do not need to pay a table fee collection to be eligible for a drawing ticket in Blackjack or may play at no charge at our instructional table for an indiscriminate amount of time as described below in the No Purchase Necessary Procedures. Players must pay a table fee collection in Joker's Wild Pai Gow Poker to be eligible for a drawing ticket or may play at no charge at our instructional table for an indiscriminate amount of time as described below in the No Purchase Necessary Procedures. Floor Persons and/or Management will verify the Qualifying Hands in the Blackjack and Joker's Wild Pai Gow Poker games. The entry tickets will be dispensed into a raffle box located in the Blackjack and Pai Gow room by the Floor Person and/or Management. The raffle box will be under twenty-four (24) hour camera surveillance and will be visible to all players and casino personnel. Employees of the LDC and Third party proposition employees are not eligible to win the car or any money for the "Car Giveaway."

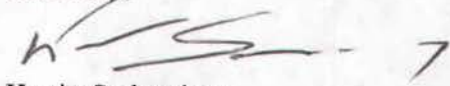

Players must fill out a 1099 form for any prize or cash that is \$600 dollars or more. All taxes on prizes and incidental expenses not mentioned herein are the responsibility of the winner, if applicable.

No Purchase Necessary Procedures:

"Car Giveaway" will be offered for free to all persons who wish to participate at a No Purchase Necessary table. LDC will provide a free instructional table for all patrons who wish to participate in the "Car Giveaway" without paying a table fee or a Jackpot Collection. Patrons may play at no charge at our instructional table for an indiscriminate amount of time. There will not be live wagers at this table. Participants in the No Purchase Necessary free instructional table will be eligible to win the full-posted Jackpot prize if they participate in a game where a player obtains the designated Jackpot Hand.

If you have any questions regarding these changes please call me at 916-726-8946 (casino) or 916-715-8066 (cell).

The Lucky Derby Casino (LDC) is requesting approval of the following promotion:

SECTION III – JACKPOTS, CASHPOTS, BONUSES, PROMOTIONS, etc.

1. *Name of Proposed Gaming Activity:*

Easy Way Jackpots

2. *Name each controlled game that is associated with this gaming activity:*

All Texas Hold'em Poker Games and Limits approved for play at Lucky Derby Casino are eligible to qualify for the Easy Way Jackpots.

3. *Describe any jackpot or any other type of prize awarded:*

We would like to add an Easy Way Jackpot in which players can win a prize for losing with a pre-determined hand.

A prize is awarded to players participating in a jackpot game when a designated second hand is beaten by a better qualifying hand at the showdown. There will be a range of qualifying hands as listed below. Only one of these qualifying hands options may be offered at any given time. They will not be offered together at any time nor may a combination of the options be offered together at any time that this gaming activity is being offered. Furthermore, the qualifying hand option that is being offered shall only be offered for the qualifying controlled game, as listed above. All of the above restrictions, as shown below, shall apply to all of the qualifying hand options, as listed below.

In order to qualify for the jackpot, the winning and losing hands must use two (2) "hole" cards and three (3) community cards from "the board."

Players with qualifying winning and losing hands must play through the final betting round, which is after "the river," in order to qualify for the jackpot. If a player with one of the qualifying hands folds prior to the final betting round, the table will be in-eligible for the jackpot.

Kevin Schayltz – Casino Manager

In the event that during a round of play, two (2) or more players have qualifying losing or winning hands, only the player with the highest ranked losing and winning poker hands will receive the posted prize percentage of the jackpot for the losing and winning hand. If the player or players have the same ranking hands, they would split the posted prize amount evenly. The remaining player(s), including those who had lower ranked qualifying hands, will receive the posted prize percentage of the table share.

Option 1: Pocket Pair of Aces Beat

Option 2: Any 3 of a Kind Beat

Option 3: Any Full House B

The possibility could also occur that a player would qualify to win an Easy Way Jackpots during the same hand in which Jackpot A or Jackpot B is won; In these cases, Jackpot A and Jackpot B take precedent and the Easy Way Jackpot would not be paid.

An Easy Way Jackpot amount, designated option for an Easy Way Jackpot hand being offered, and payout will be displayed prominently via printed flyers, digital display, and/or any other forms of advertising at all times the Easy Way Jackpots is being offered for play.

4. *If a cash prize is involved, is the amount of the prize progressive or a fixed amount?*

Easy Way Jackpots will be a fixed amount paid in chips unless the game is a no limit game that has a maximum buy-in, in which case the payout would be in cash.

5. *Explain if the gaming activity is house funded or player funded:*

Easy Way Jackpots would be funded by the house as a pre-determined portion of Jackpot B in which the total posted progressive prize amount of Jackpot B would be reduced by the payout amount of the qualifying Easy Way Jackpot hand. For example, if the posted progressive jackpot amount for Jackpot B is \$100,000, and Option 1: Pocket Pair of Aces Beat is being offered and the prize amount is \$1,000, and the hand is achieved, the Easy Way Jackpots (Option 1: Pocket Pair of Aces Beat) would be paid out, according to the payout option being used, and the posted progressive jackpot amount for Jackpot B would be \$99,000. However, if Jackpot B is won and awarded and then re-seeded at the minimum amount, and then the Easy Way Jackpots hand is achieved, the posted progressive jackpot prize amount would not be reduced by the Easy Way Jackpots prize amount, it would simply be paid by the house. For example, say the Jackpot B is won and reseeded at \$20,000, and then Option 1: Pocket Pair of Aces Beat is being offered and the prize amount is \$1,000, and the Easy Way Jackpots hand is achieved, the Easy Way Jackpots (Option 1: Pocket Pair of Aces Beat) would be paid out, according to the payout option being used, but the posted progressive jackpot amount for Jackpot B would remain at \$20,000. In the case where the posted progressive jackpot prize amount increases past the re-seed amount, then the difference would be deducted from the posted progressive prize pool and the other portion would be paid by the house. For example, say the Jackpot B is won and reseeded at \$20,000 and later increases by \$500, and Option 1: Pocket Pair of Aces Beat is being offered and the prize amount is \$1,000, and the hand is achieved, the Easy Way Jackpots (Option 1: Pocket Pair of Aces Beat) would be paid out, according to the payout option being used, and the posted progressive jackpot amount for Jackpot B would be \$20,000 and the other \$500 would be paid by

Kevin Schayltz – Casino Manager

the house. Therefore, the posted progressive jackpot prize amount for Jackpot B can never be decreased below the original seed amount, regardless of how many Easy Way Jackpots are awarded.

6. *Describe any special fee collection involved in this gaming activity, for example, a jackpot fee collection:*

No additional fees will be taken.

7. *Describe how the jackpot will be seeded and how any prizes will be awarded:*

The Fixed prize amount for a qualifying Easy Way Jackpots hand will range from \$5 - \$10,000

The Easy Way Jackpots may be worth double, triple, or 5 times the amount during certain hours of the day or during certain days. These hours and days will be clearly posted as explained below. Additionally, the increased amount will be deducted from the posted progressive jackpot prize for Jackpot B accordingly. However, the increased amount will never exceed the maximum amount of \$10,000, as stated in the range above.

An Easy Way Jackpot amount, designated option for an Easy Way Jackpot hand being offered, and payout will be displayed prominently via printed flyers, digital display, and/or any other forms of advertising at all times the Easy Way Jackpots is being offered for play.

8. *Explain any prize distribution including prizes given to the winner, loser, or any other player or patron:*

Players that make the advertised hand, as shown above, will be eligible to win their share of the Easy Way Jackpot fixed prize amount based on the payout option being used, as shown below. Only one of these payout options may be offered at any given time. They will not be offered together at any time nor may a combination of the options be offered together at any time that this gaming activity is being offered. Patrons will be given ample notice of which option is being offered and it will be displayed prominently via printed flyers, digital display, and any other forms of advertisements.

Option A: Losing Hand = 100%

Option B: Losing Hand = 75%/Winning Hand = 25%

Option C: Losing Hand = 40%/Winning Hand = 20%/Table Share = 40%

9. *Explain if the house is re-seeding of the fund once the prize is won:*

All prizes are pre-designated and house funded.

10. *Explain any minimum or maximum number of players required to be dealt into the game for the table to be eligible for the gaming activity and prize:*

A minimum of 2 players must be dealt in for the player(s) to be eligible win the Easy Way Jackpot.

Kevin Schayltz – Casino Manager

11. *Explain if the house is retaining any administrative or any other type of fee for operation the gaming activity:*

No additional fees will be taken.

12. *Describe any opportunity(s) for a person to play for the prize without placing any live wagers or paying any table fees:*

The Easy Way Jackpots will be offered for free, on a general and indiscriminate basis, with no restrictions, to patrons who wish to participate in a no purchase necessary (NPN) game. The Lucky Derby Casino will provide no purchase necessary tables for all patrons who request to participate in the promotion without paying a table fee or placing a live wager. Hold'em Bad Beat Jackpot C

Prize

The Hold'em Bad Beat Jackpot C features a progressive prize element. Prizes shall range in value from \$1,000 to \$1,000,000. The jackpot may be increased in an amount ranging from \$0 to \$100,000 per day. The actual jackpot prize amount shall depend on the amount the jackpot was initially seeded at, as well as how many days have transpired in order for the progressive jackpot prize to increase based on the amount designated by the Casino. All prizes shall be paid in the form of cash, live casino chips, or check. All prizes shall be predetermined and posted in the Casino at all times this jackpot is offered for play. The prize shall be paid immediately by a casino representative after the winning and losing hands are confirmed. Once the jackpot is hit, it will be reseeded by the Casino in an amount ranging between \$1,000 to \$1,000,000.

Additionally, the Casino may offer a multiplier for the current posted prize during predetermined and posted time periods ranging from one half hour to one month. The jackpot amount may be multiplied by 2x to a maximum of 10x. The multiplier will only be added to the extent it does not exceed the maximum prize amount (i.e., a 4x multiplier will not be added if the prize is \$500,000 as that would exceed the \$1,000,000 cap.) If the prize amount increases while a multiplier is in effect, the multiplier will always apply to the current posted prize amount. The multiplier only applies to the jackpot prize amount, and does not apply to the bonus prize as described below.

Prize Payout Structure

Only one of these prize payout structure options shall be offered at any one time that the Hold'em Bad Beat Jackpot C is being offered for play. They shall not be offered together at any time nor may any combination of the prize payout structure options be offered together at any time that this gaming activity is being offered. Patrons shall be provided with ample advance notice of which prize payout structure option is being offered for play. Once a prize payout structure option is designated by the Casino, the payout structure shall not be adjusted or changed until the jackpot has been hit and awarded. Eligible Controlled Games

The Lucky Seat Promotion may be attached to all Bureau approved games for The Saloon at Stones Gambling Hall. All base game rules will be played as previously approved by the Bureau of Gambling Control.

Object and Summary

The Lucky Seat Promotion is a bonus prize promotion that awards players who are dealt in a card game a chance for their seat to be drawn and for that person to win a predetermined prize. The Saloon at Stones Gambling Hall will choose one of the two predetermined qualifying options, listed below, as the method to qualify for the prize.

Option 1 – Pick a Seat/Pick a Table

Lucky Seat placards or balls corresponding to a seat will be placed in a drum or similar device by a casino employee. The placards or balls will be mixed blindly by hand in a drawing box or manually spun around in a drawing drum or manual bingo cage. After mixing, the numbered placards or balls will be drawn manually from a drum, or a similar non-electronic device, and announce the eligible “Lucky Seat” number.

Once a Lucky Seat has been determined, it will be announced on the casino floor followed by a drawing for a table number. Table number placards or balls corresponding to the table numbers for all ACTIVE (at least two players for poker games and at least one player and one player-dealer for California games at the table) live tables will be placed in a drum or similar device. The placards or balls will be mixed blindly by hand in a drawing box or manually spun around in a drawing drum or manual bingo cage. After mixing, a table number will be randomly drawn and announced on the casino floor. The patron occupying the Lucky Seat wins the prize if they are in their seat, if they are being tracked with their Player’s Club Card (GEGA-004227), and if they took a hand before the announcement of the drawing. If the selected Lucky Seat number for the selected table is empty, the patron is not being tracked with their Player’s Club Card, or the patron did not take a hand before the announcement of the draw, an alternative table will be redrawn.

Lucky Seat Promotion

Option 2 – Pick a Seat/All Tables Win

Lucky Seat placards or balls corresponding to a seat will be placed in a drum or similar device by a casino employee. The placards or balls will be mixed blindly by hand in a drawing box or manually spun around in a drawing drum or manual bingo cage. After mixing, the numbered placards or balls will be drawn manually from a drum, or a similar non-electronic device, and a casino employee will announce the eligible Lucky Seat number. All patrons occupying those Lucky Seats at every eligible live gambling table will win the prize if they are in their seat, they are being tracked with their Player's Club Card (GEGA-004227) and they took a hand before the announcement of the draw. If the selected Lucky Seat number is empty, the patron is not being tracked with their Player's Club Card (GEGA-004227), or the patron did not take a hand before the announcement of the draw, no prize will be awarded to that specific seat.

The Casino has the option of running the progressive and fixed jackpots by multipliers of 1-10 times. The multiplier must be added to both the fixed and progressive jackpots. Days and times for the multiplier will be clearly defined and advertised in literature and casino signage. The Casino would use money from the Three Card Poker Progressive Jackpot reserve fund only to increase the jackpot for certain periods of time.

EXAMPLE: For the next two hours a 5 times multiplier is added to the fixed and progressive jackpots, if one or both of the jackpots is won during the 5 times multiplier timeframe, the jackpot payout will be 5 times the advertised prize amount.

If there is a shortfall in the reserve fund when the multiplier is applied, the Casino will cover the shortfall. When there is sufficient money in the reserve fund, the multiplier shortfall the Casino covered will be reimbursed to the Casino. Furthermore, the Casino may not add additional

monies to the progressive meter. When the multiplier option is added to the progressive prize meter, the monies will come from the Three Card Poker Progressive Jackpot reserve fund only.
