SUMMARY

Every year Californians provide generous support to charities by giving directly to charities or through professional fundraisers hired by charities. Professional fundraisers that solicit donations in California are subject to the Attorney General's regulatory oversight. Professional fundraisers are required to register and report to the Attorney General's Registry of Charitable Trusts. For more information on the registration and reporting requirements of professional fundraisers, please visit our website at oag.ca.gov/charities/pf.

One type of professional fundraiser is a **commercial fundraiser**, which refer generally to a person or an entity retained by a charity to solicit money or property on the charity's behalf. The commercial fundraiser may solicit donations via direct mail, online through a website, by door-to-door solicitation, through telemarketing, auctions, entertainment events and through the sale of used personal property such as clothing, household items and vehicles. Commercial fundraiser may be paid either a flat fee or a percentage of the donations collected in the charity's name. By law, commercial fundraisers operating in California are required to register with the Attorney General's Registry of Charitable Trusts and file a Notice of Intent before soliciting donations. For each solicitation campaign conducted, commercial fundraisers are then required to file annual financial report that disclose the total revenue raised, expenses incurred and net amount paid to the charity that retained the fundraiser.

Another type of professional fundraiser is a **commercial coventurer**, which is defined as any person, who for profit, represents to the public that the purchase or use of any goods, services, entertainment, or any other thing of value will benefit a charitable organization or will be used for a charitable purpose.

This Summary Report is prepared from self-reported information contained in the annual financial disclosure reports filed by commercial fundraisers and commercial coventurers for the calendar year 2018, and includes statistics for donations of both cash and used personal property (such as clothing and vehicles). The Summary Report includes information only from complete financial reports that were received before November 4, 2019.

Tables 1 and 2 provide information from reports submitted by commercial fundraisers that solicit donations via direct mail, telemarketing, auctions, and entertainment events. Tables 3, 4, and 5 provide information from reports submitted for thrift store operations and vehicle donation programs. Table 6 provides information from reports submitted by commercial coventurers.

Compliance Efforts Made In 2018

In November of 2018, the Registry of Charitable Trusts issued 59 Delinquency letters

to commercial fundraisers who had not filed financial reports from 2014 – 2017. The delinquency letters resulted in 184 financial reporting being filed. Submissions filed in response to the delinquency letters has resulted in more accurate reporting for 2018. The revenue reported in the Attorney General’s report for 2017 increased from \$676.6 million to \$733.2 million as a result of the filings submitted in response to the delinquency notices. Likewise, these filings also changed the amounts reported being distributed to charities from \$491.1 million to \$525.3 million.

A few commercial fundraisers failed to comply with the delinquency notices and administrative actions were taken against. Charities cannot contract with these organizations to raise funds in California until the commercial fundraisers resolve their deficiencies with the Registry of Charitable Trusts. The fundraisers who were refused registration based on the failure to file annual reports are listed below:

Comparison Figures for the Past Five Years of Reporting

The table below shows the last five years of revenue raised by professional fundraisers, as well as the percentage of the revenue distributed to charitable organizations. In the last five years, revenue raised from general fundraising has increased 61.3 percent and the amount paid to charities has also increased from 67.98 to 80.49 percent. For vehicle donation programs, the percentage distributed to charities over the past five years has seen little change from 35.18 to 36.89 percent, but the total revenue raised through vehicle donations increased by approximately 180 percent.

Some of the Worst Performers Based On a Five-Year Cumulative Review

Charities should consider the prudence of hiring fundraisers that continuously fail to perform over the years. Likewise, donors and grant makers may want to exercise caution in supporting charities that hire fundraisers with poor track records. The table below shows the amount of total revenue raised in the past five years by the worst performing professional fundraisers based on a five-year cumulative review of prior reports submitted to the Attorney General. The table also shows that some of the charities lost more money than was raised, or received less than three percent of the total funds donated. It is important to note that most of the charities registered with the Attorney General’s Registry of Charitable Trusts do not use professional fundraisers to raise funds.

- From the amount collected, the distribution to charity in 2018 was approximately \$652.2 million, an increase of approximately \$127 million from the amount reported in 2017.

Overview of Thrift Store Operations and Vehicle Donation Programs

Thrift stores raise charitable funds selling “salvageable personal property.” Thrift stores may be operated directly by a charity or through a for-profit vendor. For-profit vendors are defined as commercial fundraisers if they (1) receive a management fee or commission from a charity for operating the thrift store, or (2) purchase a majority of the goods sold from charities or social welfare organizations at negotiated prices. (Government Code, § 12599.)

Charities that operate their own thrift stores incur overhead and other expenses associated with the operation of a retail store. After those expenses are paid, the earnings are used to support charitable programs and other operational expenses.

Vehicle donation programs have become more popular over the past several years. These programs are administered either directly by charities, or through a commercial fundraiser. The process of donating a vehicle usually begins when a donor contacts a charity or commercial fundraiser in response to a solicitation campaign. In the initial phone conversation, the donor will be asked questions about the vehicle. Generally, the vehicle will be accepted unless the cost of towing the vehicle exceeds its value. The donated vehicle is sold and the proceeds are divided between the commercial fundraiser and the charity. Because all costs associated with advertising, towing, storing, and selling the vehicle are deducted from the sale proceeds before any distribution to charity, the charities usually only receive a marginal amount from the car’s sales proceeds. Please note that donors are responsible for notifying the Department of Motor Vehicles of the vehicle’s transfer of registration. Failure to transfer registration has subjected many vehicle donors to subsequent expenses incurred after donation, most often as a result of parking violations.

Overview of Data Contained in These Tables

- For-profit thrift store operators that purchased goods from charities reported total revenue of approximately \$48.8 million for the 2018 reporting period. Of this amount, approximately \$7.9 million, or 16.11 percent, was paid to charitable organizations. Total revenue increased by approximately 2.16 percent compared to 2017.

The percentage to charity decreased from the 2017 figure of 7.90 percent.
- Total revenue for vehicle donations was approximately \$89.4 million, with charities receiving approximately \$33 million, or 36.89 percent of the total revenue amount. The total revenue decreased by approximately \$2.5 million from the amount reported in 2017, while the percent to charity increased by approximately 3.56 percent.

Table 6- Commercial Coventurer Alphabetical Listing by Charity: This table lists in alphabetical order each charitable organization that solicited donations through the use of a commercial coventurer and for which annual reports were filed with the Registry. Unless exempt under Government Code section 12599.2, subdivision (b), a commercial coventurer is required to register and file annual reports with the Registry.

- Information was obtained from 56 completed financial reports.

- Commercial coventurer campaigns reported total revenue of approximately \$86.2 million for the 2018 reporting period, a decrease of approximately \$164.1 million over the amount reported in the 2017 year.
- Charities received approximately \$18 million, a decrease of approximately \$28.4 million over the amount reported in 2017.

The information contained in the Attorney General's summary of charitable solicitation campaigns conducted by commercial fundraisers and commercial coventurers is derived from unaudited reports filed by fundraisers. The filed reports should be consulted for more complete information regarding each solicitation campaign.

This Summary Report and the annual financial reports filed by commercial fundraisers for each solicitation campaign are available on the Attorney General's website at <https://oag.ca.gov/charities>.

The Attorney General has also provided useful donor tips at <https://oag.ca.gov/donations>.

TABLE 1

This table lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser used, total revenue raised by the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

This table lists each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf and ranks them by percentage of revenue the charity received from each campaign.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

TABLE 3

Thrift Store Operations

Cost of Goods Purchased from Charity

For-profit thrift stores purchase a majority of goods sold in their thrift stores from charities or social welfare organizations at negotiated prices. For-profit thrift stores are listed in this Table. The Table reports the amount they raised in sales and the amount that was paid to charity for the salvageable goods sold.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.
