SUMMARY

Every year, Californians provide generous philanthropic support by donating directly to charities or through their professional fundraisers. The Attorney General has regulatory oversight over professional fundraisers that solicit donations in California.

There are several types¹ of professional fundraisers that are required to register and report with the Attorney General's Registry of Charitable Trusts (Registry). One type of fundraiser is a **commercial fundraiser**, which is a person or an entity compensated by a charity to solicit money or property on the charity's behalf. The commercial fundraiser may solicit donations via direct mail, through a website, by going door-to-door, telemarketing, auctions, entertainment events and through the sale of used personal property such as clothing, household items and vehicles. Commercial fundraisers may be paid either a flat fee or a percentage of the donations collected on behalf of the charity. Commercial fundraisers operating in California are required to register with the Registry and file a Notice of Intent before soliciting donations. For each solicitation campaign conducted, a commercial fundraiser must file an annual financial report that discloses the total revenue raised, expenses incurred, and net amount paid to the charity that hired the fundraiser.

Another type of fundraiser is a **commercial coventurer**, which is typically a for-profit business that gives a portion of its sales to charity. A commercial coventurer includes any person or entity, who for profit, represents to the public that the purchase or use of any products, services, entertainment, or anything of value will benefit a charitable organization or will be used for a charitable purpose. Commercial coventuring can occur even when sales are not involved, such as when a company advertises that use of a good or service will benefit a charity (e.g., a company promises to donate to charity based on the number of social media posts from consumers about the company). Commercial coventurers are subject to the Attorney General's regulatory authority, and may need to register and file annual reports.

For more information on the registration and reporting requirements of professional fundraisers, please visit our website at oag.ca.gov/charities/pf.

Each year, the Attorney General's Office prepares a Summary Report of solicitation campaigns based solely on the complete annual financial reports filed by commercial fundraisers with the Registry. This year's Summary Report includes information from reports submitted by commercial fundraisers for their solicitation campaigns conducted in calendar year 2021, and received by the Registry before October 21, 2022.

The Summary Report covers reports submitted by commercial fundraisers that raised funds

¹ Fundraising counsels are not included in the Summary Report. Fundraising counsels do not solicit or collect donations on behalf of charitable organizations, and are not required to file annual reports.

via direct mail, telemarketing, auctions, entertainment events and through thrift store sales. The Summary Report also covers reports submitted by commercial fundraisers who operate vehicle fundraising programs. These vehicle fundraising programs are administered either directly by a charity or through a commercial fundraiser. The process of donating a vehicle usually begins when a donor contacts a charity or commercial fundraiser in response to a solicitation campaign. Generally, the vehicle will be accepted for donation unless the cost of towing the vehicle exceeds its value. The donated vehicle is sold and the proceeds are divided between the commercial fundraiser and the charity. The charities usually only receive a marginal amount from the sales proceeds because all costs associated with advertising, towing, storing, and selling the vehicle are deducted from the sale proceeds before any distribution is made to charity. Please note that donors are responsible for notifying the Department of Motor Vehicles of the vehicle’s transfer of registration and ownership. Failure to transfer registration has subjected many vehicle donors to subsequent expenses incurred after donation, most often as a result of parking violations. Finally, the Summary Report includes information obtained from reports filed by commercial coventurers.

Comparison Figures for the Past Five Years of Reporting

The table below shows the revenue raised by professional fundraisers in the last five years, and the percentage of the revenue distributed to charitable organizations. Reported revenue generated from vehicle donation programs reached a new benchmark in 2021: \$128.9 million was raised in 2021 in contrast to \$87.3 million in 2020. In the last five years, the amount paid to charities has increased from 33.33 percent to 44.32 percent in vehicle solicitation programs conducted by commercial fundraisers. In contrast, the percentage to charity from thrift store operations has declined over the last five years from 19.04 percent to 3.34 percent. The decline in amount benefitting charity from thrift stores sales was primarily based on the annual reports filed by TVI. TVI reported \$249.5 million in revenue in the last five years, but the amount paid to charity by TVI during that time frame fell from 16.57 percent to 3.32 percent. For more complete information about individual solicitation campaigns² we recommend that the reader review the attached Tables and financial reports filed by the registrants.

The Attorney General’s Office Enforcement Actions in 2018-2022

From November of 2018 to October of 2022, the Registry issued 398 delinquency letters to commercial fundraisers that failed to meet deadlines for filing financial reports from years 2014 – 2021. The delinquency letters resulted in 771 financial reports being filed. Submissions filed in response to the delinquency letters have resulted in more accurate reporting for the 2021 report.

Administrative enforcement actions have been taken against some commercial fundraisers that failed to comply with delinquency notices. Charities cannot enter into agreements with the below-listed organizations to raise funds in California until the commercial fundraisers resolve the violations that led to the enforcement actions filed by the Attorney General. Here is a list of fundraisers that were refused registration, suspended, or issued cease and desist orders based on the failure to file annual reports.

Some of the Worst Performers Based On a Five-Year Cumulative Review

It is important to note that most of the charities registered with the Registry do not use professional fundraisers to raise funds. Charities should consider whether to hire fundraisers that continuously fail to perform over the years. Likewise, donors and grant makers may want to exercise caution in supporting charities that hire fundraisers with poor track records. As mentioned above, the Summary Report is based solely on the financial data provided in the annual reports filed by fundraisers. The annual reports do not inquire about other quantifiable or intangible benefits that ongoing solicitation campaigns may bring, such as new and recurring donors. The table below lists the worst performing professional fundraisers based on a five-year cumulative review of reports filed with the Registry. The Registry staff reviewed the annual reports' revenue and expenses, as reported by the listed fundraisers to calculate the total losses sustained by the client charities. The below list of fundraisers' campaigns cost more than was brought in revenue to charities for five consecutive years.

- The for-profit thrift store operator that was paid a fee or commission by a charity reported total revenue of approximately \$746,853 for the 2021 reporting period, with approximately \$75,000, or 10 percent paid to charities. The percentage to charity increased from the 2020 figure by 4.3 percent.

Table 5- Vehicle Donation Program: This table lists in alphabetical order charitable organizations that solicited vehicles and paid a management fee or commission to a for-profit reseller. **(719 completed reports)**

- Total revenue for vehicle donations was approximately \$128.9 million, with charities receiving approximately \$57.1 million, or 44.32 percent of the total revenue amount. The total revenue increased by approximately \$41.6 million from the amount reported in 2020, or 47.7 percent.

Table 6- Commercial Coventurer Alphabetical Listing by Charity: This table lists in alphabetical order charitable organizations that solicited donations through the use of a commercial coventurer and for which annual reports were filed with the Registry. Unless exempt under Government Code section 12599.2, subdivision (b), a commercial coventurer is required to register and file annual reports with the Registry.

- Information was obtained from 120 complete financial reports.
- Commercial coventurer campaigns reported total revenue of approximately \$3.5 billion for the 2021 reporting period, a decrease of approximately \$384 million over the amount reported in the 2020 year.
- Charities received approximately \$28 million in 2021, an increase of approximately \$3.6 million over the amount reported in 2020.

Conclusion

The information contained in the Attorney General's Summary of Charitable Solicitation Campaigns Conducted by Commercial Fundraisers and Commercial Coventurers is derived from unaudited reports filed by fundraisers. The filed reports should be consulted for more complete information regarding each solicitation campaign.

This Summary Report and the annual financial reports filed by commercial fundraisers for each solicitation campaign are available on the Attorney General's website at <https://oag.ca.gov/charities>. The Attorney General has also published the [Guide for Charities](#) which contains information on hiring fundraisers.

The Attorney General has also provided useful donor tips at <https://oag.ca.gov/donations>.

TABLE 1

This table lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser used, total revenue raised by the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

TABLE 2

This table lists each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf and ranks them by percentage of revenue the charity received from each campaign.

Note: Negative amounts in the "To Charity" column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser. The campaigns with over 100% "To Charity" may reflect refunds to charitable organizations for services that were paid for in a previous year but not provided due to the COVID pandemic.

Thrift Store Operations

Cost of Goods Purchased from Charity

For-profit thrift stores purchase a majority of goods sold in their thrift stores from charities or social welfare organizations at negotiated prices. For-profit thrift stores are listed in this Table. The Table reports the amount they raised in sales and the amount that was paid to charity for the salvageable goods sold.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.
