

**ATTACHMENT 1
FISCAL IMPACT STATEMENT**

A. FISCAL EFFECT ON LOCAL GOVERNMENT

3. Additional savings of approximately \$215,000 in the current State Fiscal Year and each State Fiscal Year thereafter. This information is based on the estimates provided by the two vendors who provide technical assistance to the County Recorder Offices that administer the ERDS program. The proposed regulation would reduce the workload for these two vendors which would allow the vendors to reduce their staff, thus resulting in the additional savings of approximately \$215,000 each State Fiscal Year.
