CASE No. \_\_\_\_\_ (if any) CII No. \_\_\_\_\_ SOCIAL SECURITY NO. \_\_\_\_\_

CRIME OF ARREST/CONVICTION \_\_\_\_\_

### DNA Data Bank Expungement Administrator:

Please be advised that the District Attorney's Office of \_\_\_\_\_ County has researched the records of the above-named person and has determined that:

(I) S/he is eligible to have his/her DNA sample destroyed and searchable DNA database profile expunged as provided in Penal Code section 299 based upon the following grounds: **(Check all that apply)**

- a.  No qualifying charges have been filed or will be filed within the applicable period allowed by law following petitioner's arrest.
- b.  The qualifying charges were dismissed before adjudication.
- c.  The qualifying conviction has been reversed and the case dismissed.
- d.  Petitioner has been found factually innocent of the qualifying offense under Penal Code section 851.8 or Welfare and Institutions Code section 781.5.
- e.  Petitioner was acquitted or found not guilty of the qualifying offense.
- f.  Petitioner's previously sustained delinquency petition alleging an offense that would be a felony, or, if committed by an adult, has been reversed and dismissed; **OR**

(II)  **This is a Proposition 47-based expungement request.** The above-named person qualifies to have **an arrestee** DNA sample expunged from the State's DNA database because the felony crime of arrest has been converted to a misdemeanor by Proposition 47. I also hereby certify all of the following are true according to the best of my knowledge and all available records: **(i)** Petitioner was not convicted or otherwise adjudicated of any felony crime in the case for which his or her DNA database sample was collected; **(ii)** Petitioner is no longer charged with a felony crime and no felony charges will be filed against the petitioner for the conduct resulting in his/her arrest for the case number set forth above; **(iii)** The trial court of record has already made a final decision in this case to reclassify to a misdemeanor the felony crime of arrest for which petitioner's DNA database sample was taken; **(iv)** Petitioner has never been required to register as a sex or arson offender for any offense of record, and there is no other provision of law that requires this petitioner to provide a DNA database sample at this time, such as his or her agreement to provide a DNA database sample as part of a plea bargain.
