## **St. Francis Medical Center Community Benefits Over \$10,000**

The **Baby Friendly** Hospital Initiative (BFHI) is in an effort to increase breastfeeding rates and, in turn, reduce childhood illness and death. BFHI includes practices that are proven to promote, protect, and support breastfeeding.

**Legal Support Services** are provided in partnership with the non-profit organization Bet Tzedek at no cost to Health Benefits Resource Services clients who need assistance and/or advice regarding issues such as Landlord/Tenant Law, Kinship Care, and Power of Attorney for Health Care.

**Casa de Esperanza**, collaborating with Catholic Charities of Long Beach, provides temporary housing and support services to homeless families and helps them transition to self-sufficiency.

**Children's Counseling Center** provides counseling services for children and family members that range from intervention and treatment for the victims of child abuse, violence, trauma, and depression, to comprehensive prevention education programs. Services are provided in a nurturing, culturally and linguistically sensitive, comfortable atmosphere where an individual's emotions are received with a spirit of compassion.

**South Los Angeles Access to Care – SFMC Compton Clinic** provides preventive and primary care, including lab work, to Compton residents who lack regular access to health care.

**COPE Clinical Health Extenders** is a program for clinical interns.

**Dental Grant** pays for dental work of children with special needs.

**Diabetes Education and Disease Management** responds directly to the rise in diabetes rates in our Community

**Footprints** ensures that children have shoes and clothing for school. It provides new footwear and uniforms for students, and new and used clothing, toiletries, and food items to families

**Health Benefits Resource Center** is a one-stop venue providing enrollment assistance, information and referrals for uninsured low-income residents, helping families gain access to public and private health insurance, social services and nutrition programs. It also educates residents about the Covered California program.

**Healthy Community Initiatives (HCI)** brings health screenings, immunizations, and health education directly to area schools, churches, businesses and community organizations via its HCI nurse, educator, staff, and mobile unit.

## **St. Francis Medical Center Community Benefits Over \$10,000**

**Indigent Care** is provided to patients who are identified through social services who can't afford services. This program is in addition to traditional charity care.

**Naseau278,892 Reading Program** is daily help with reading for children reading two years or more below grade level.

**Paramedic Training and Education** provides a means of training through the Emergency Department of the hospital.

**Patient Transportation** is provided to individuals without any means of transportation for outpatient care and treatment. Service is also arranged for individuals receiving behavioral health services at the medical center.

**Senior Wellness and Education** is education and meals provided to the elderly. This program has been in effect for many years, but is usually less than \$10,000.

**St. Francis Career College (SFCC)** prepares students to succeed in health care professions by providing value-based education and career training. Comprehensive support services as well as skill development sessions help to ensure students' achievement and completion of the program. 325 students were enrolled in the vocational nurse and certified nurse assistant programs. 168 students were enrolled in the college's Career Advancement Programs, which enable SFCC alumni, students, and SFMC associates the opportunity to pursue a Registered Nurse Associates Degree.

**Support Groups** are offered by our Spiritual Care Services team, including Mothers of Aids Patients (MAP), Gabriel Support (Sudden Infant Death Syndrome), and Bereavement Support, in addition to post-traumatic spiritual counseling.

**Trauma and Injury Prevention Program and Southern California Crossroads** work with schools, hospitals, and other public and private organizations to help prevent traumatic injury. SFMC collaborates with the Violence Prevention Coalition, HAVEN (Hospitals Against Violence-Empowering Neighborhoods), Every 15 Minutes drunk-driving prevention, ICAN (Inter-Agency Council on Child Abuse and Neglect), Walk This Way safe street crossing, Los Angeles Violence Intervention Training Academy, Urban Peace Academy, and local safety fairs.

**Vida Sana/Healthy Life Wellness Program**, by working through Southeast Los Angeles area churches, aims at building a healthier community through a 6-month, coordinated program which provides heart health, diabetes, and obesity awareness, prevention, and education; diet and nutrition classes; stress reduction; and physical fitness activities to establish healthy lifestyle habits.

**Vincentian Service Corps (VSC)** volunteers are recent college graduates who choose to serve for a year in organizations throughout
