¹Clearance: A crime is cleared or "solved" for crime reporting purposes when at least one person is arrested, charged with the commission of the offense, and the prosecutor or juvenile authorities pursue a conviction. In certain situations, a crime may be cleared by "exceptional means." This occurs when the police investigation has established the identity of the offender, gathered enough information to support an arrest, located the offender, but for some reason is unable to take the offender into custody.

²Clearance rate: A clearance rate is the percentage of crimes reported that have been cleared.
