

Anti-Reproductive-Rights Crimes in California 2011

KAMALA D. HARRIS, ATTORNEY GENERAL • CALIFORNIA DEPARTMENT OF JUSTICE

The 2002 Reproductive Rights Law Enforcement Act requires the Attorney General to collect and analyze information on crimes that violate reproductive rights and submit a report to the Legislature (California Penal Code section 13777).

As of January 1, 2009, the Attorney General is required to publish anti-reproductive-rights crime information on the Department of Justice (DOJ) Internet website (Chapter 206, Statutes of 2008).

Section 13776(a) of the California Penal Code defines an anti-reproductive-rights crime as a crime "committed partly or wholly because the victim is a reproductive health services client, provider, or assistant, or a crime that is partly or wholly intended to intimidate the victim, any other person or entity, or any class of persons or entities from becoming or remaining a reproductive health services client, provider, or assistant."

The following table displays information on each anti-reproductive-rights crime reported to the DOJ by California law enforcement agencies in 2011. It includes the following:

- The date of the crime.
- The county and law enforcement jurisdiction where the crime occurred.
- The number of crimes, offenses, victims, and suspects involved.
- The type of offenses committed.
- The offense level.
- The nature of the crime (violent or nonviolent).
- The location of the crime.
- The type of weapon (if used).
- The race/ethnic group, gender, and age of the victims and suspects involved.
- A description of involved property.
- The type of property damage.
- The estimated value of that property.
