

FIREARM TRANSACTION DENIALS

The average firearm denial rate for transactions processed between 1982 and 2008 was 1%.

The following chart shows the breakdown of reasons for firearms purchase denials by the Bureau of Firearms during 2008:

[* View Data](#)

Reasons for rejection is made up of the figures from the DROS statistics denial numbers as follows:

- Felony is based on the total number of felony denials.
- Restraining Order is based on total number of restraining order denials.
- Mental Health is based on the total number of 5150, etc. plus 8103 WIC denials.
- Prohibiting Misdemeanors and/or conditions of Probation is based on the total number of Misdemeanor plus Probation denials.

* NOTE: A purchase could be denied for multiple reasons. Breakdown totals found on the DROS Monthly Statistics data document may not reconcile.
