

CALIFORNIA DEPARTMENT OF JUSTICE

**TITLE 11. LAW
DIVISION 5. FIREARMS REGULATIONS
CHAPTER 1. BUREAU OF FIREARMS FEES**

NOTICE OF PROPOSED RULEMAKING

Notice published January 29, 2021

The Department of Justice (Department) proposes to amend section 4001 of Title 11, Division 5, Chapter 1 of the California Code of Regulations concerning the Dealer Record of Sale (DROS) Fee.

PUBLIC HEARING

The Department has not scheduled a public hearing on this proposed regulatory action. However, the Department will hold a hearing if it receives a written request for a public hearing from any interested person, or their authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or their authorized representative may submit written comments relevant to the proposed regulatory action. The written comment period closes on March 16, 2021 at 5:00 p.m. Only written comments received by that time will be considered. Submit written comments to:

NOTE: Written and oral comments, attachments, and associated contact information (e.g., address, phone, email, etc.) become part of the public record and can be released to the public upon request.

AUTHORITY AND REFERENCE

Authority: Penal Code sections 28233 and 28240.

Reference: Penal Code sections 28220, 28225, 28230, 28235 and 28240.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Existing Laws and Regulations:

Existing law generally requires purchases and transfers of firearms to be conducted through a licensed firearms dealer. The firearms dealer must submit the purchaser or transferee's personal information to the Department, via the DROS system, for the purpose of conducting a background check on the purchaser or transferee prior to release of a firearm to that person. If the background check reveals that the person is prohibited by state or federal law from owning a firearm, the purchase or transfer is denied.

Existing law provides that certain fees may be assessed at the time of the application to purchase or transfer a firearm. These fees are paid by the purchaser or transferee, collected by the dealer, and remitted to the Department. One such fee, the DROS Fee, is used to fund various statutorily specified activities, primarily the background check.

Until January 1, 2020, the DROS Fee was set at \$19 per transfer of one or more firearms.

Authority for the DROS Fee was repealed by Assembly Bill (AB) 1669 (Bonta, 2019), effective January 1, 2020. As of that date, Penal Code section 28233 went into effect, authorizing a new fee of \$31.19. This new fee funds the same activities that had been funded by the previous DROS Fee. On December 30, 2019, the Office of Administrative Law approved the Department's emergency rulemaking to set the fee authorized by Penal Code section 28233 at \$31.19. Because the new fee funds the same activities that had been funded by the previous DROS Fee, the Department retained the DROS Fee name.

Effect of the Proposed Rulemaking:

This rulemaking makes permanent the emergency action that implemented the \$31.19 fee authorized by Penal Code section 28233. If adopted, this fee will continue to be charged to a firearm purchaser or transferee at the time of a purchase or transfer of one or more firearms.

Anticipated Benefits of the Proposed Regulations:

This rulemaking protects public safety by providing a consistent revenue stream for the activities of the Department's Bureau of Firearms. The Department anticipates that this rulemaking would result in revenue of \$31,557,356 in Fiscal Year 2020-21, and then \$22,781,488 for Fiscal Year 2021-22 and each year thereafter. Specifically, those activities related to checking the background of potential firearm purchasers serve to protect public safety by ensuring that a person prohibited by state or federal law does not purchase, or maintain possession of, a firearm. The ownership or possession of a firearm by convicted felons, persons found to be a danger to self or others because of a mental illness, persons addicted to the use of narcotics, and other prohibited persons pose a risk of immediate, serious harm to the people of the state of California.

Other activities funded by the DROS Fee, such as the maintenance of the Automated Firearm System (AFS) and certain aspects of the Armed and Prohibited Persons Section (APPS), are

directed toward the investigation and prosecution of firearms-related crimes. Addressing these important public safety issues requires a consistent revenue stream that is directly related to the number of firearms sold and possessed in the state. Penal Code section 28233, which this rulemaking implements, structures the DROS Fee in exactly this manner.

Comparable Federal Regulations:

There are no existing federal regulations or statutes comparable to the proposed regulations.

Determination of Inconsistency/Incompatibility with Existing State Regulations:

The Department has determined that the proposed regulations are not inconsistent or incompatible with existing state regulations. After conducting a review for any regulations that would relate to or affect this area, the Department has concluded that these are the only regulations that concern the setting of the DROS Fee.

None.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department's Initial Determinations:

Mandate on local agencies or school districts: None.

Cost or savings to any state agency: By making permanent the fee authorized by Penal Code section 28233, the Department projects revenue of \$31,557,356 for Fiscal Year 2020-21, and then \$22,781,488 for Fiscal Year 2021-22 and each year thereafter.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other non-discretionary costs or savings imposed on local agencies: None.

Cost or savings in federal funding to the state: None.

Cost impacts on representative person or business: At the time of an application to purchase or transfer one or more firearms, a purchaser or transferee would pay a \$31.19 DROS Fee. Before January 1, 2020, the equivalent fee was \$19. This is a cost increase to the firearm purchaser of \$12.19.

Because procedures are already established for businesses to collect and remit the DROS Fee, there would be no cost impact on a business to collect or remit the increased DROS Fee.

Significant effect on housing costs: None.

Significant, statewide adverse economic impact directly affecting businesses, including ability to compete: The Department has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

Results of the Economic Impact Assessment (EIA):

The Department concludes that it is: (1) unlikely that the proposal will create or eliminate jobs within the state; (2) unlikely that the proposal will create new businesses or eliminate existing businesses within the state; and (3) unlikely that the proposal will result in the expansion of businesses currently doing business within the state.

Benefits of the proposed action: This rulemaking protects public safety by providing a consistent revenue stream for the activities of the Department's Bureau of Firearms. The Department anticipates that this rulemaking would result in revenue of \$31,557,356 in Fiscal Year 2020-21, and then \$22,781,488 for Fiscal Year 2021-22 and each year thereafter. Specifically, those activities related to checking the background of potential firearm purchasers serve to protect public safety by ensuring that a person prohibited by state or federal law does not purchase, or maintain possession of, a firearm. The ownership or possession of a firearm by convicted felons, persons found to be a danger to self or others because of a mental illness, persons addicted to the use of narcotics, and other prohibited persons pose a risk of immediate, serious harm to the people of the state of California.

Other activities funded by the DROS fee, such as the maintenance of AFS and certain aspects of APPS are directed toward the investigation and prosecution of firearms-related crimes. Addressing these important public safety issues requires a consistent revenue stream that is directly related to the number of firearms sold and possessed in the state. Penal Code section 28233, which this rulemaking implements, structures the DROS fee in exactly this manner.

Business report requirement: None.

Small business determination: The Department has determined that the proposed action affects small businesses.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5(a)(13), the Department must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the

purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Department has determined that the proposed regulations are the most effective way to implement the DROS fee. Although Penal Code section 28233 grants authority to the Department to require a firearms dealer to charge a \$31.19 fee, the statute is not self-executing. At its discretion, the Department may promulgate regulations to implement the fee. Penal Code section 28233 does not grant the Department the discretion to set the initial fee at any other amount.

The only alternative to implementing a DROS fee of \$31.19 would be to not implement a DROS fee at all. The Department has rejected this alternative because this would remove the primary funding mechanism for the Department's firearms programs. If the fee implemented by the emergency regulation is not made permanent, the Department projects that the subsequent decrease in revenue would result in the insolvency of the Bureau of Firearms, as the operating budget would have a deficit of \$31,544,000 for FY 2020-21, \$32,779,000 for Fiscal Year 2021-22 and \$31,253,000 for each year thereafter.
