# PURE 21.5 BLACKJACK

## OBJECT OF THE GAME

The object of Pure 21.5 Blackjack is for the players and the player-dealer to add the numerical value of their cards and:

- Achieve the best possible point total of 21.5 by getting a King, Queen, Jack, or Ten Bonus Card and an ace on the initial two cards dealt (example King Bonus Card below). This hand pays 6 to 5.

- Get as close to 21.5 as possible, without going over.
- Draw additional cards if needed.

## VALUE OF THE CARDS

The game uses a modified 52-card deck with aces through nines (the standard spades, hearts, clubs and diamonds) and 16 Bonus cards (four of each "king", "queen", "jack", and "ten" card). The game is played with a minimum of a single deck to a maximum of eight decks.

- A King, Queen, Jack or Ten Bonus card and an Ace, on the initial deal, is the best possible hand. It is known as a "Pure 21.5 Blackjack" and pays 6 to 5.
- A King, Queen, Jack, or Ten Bonus card dealt with any other card is worth 10 and is added to the other card(s) point total.
- An ace has a value of either 1 or 11.
- All cards from 2-9 have their face value.
- King, Queen, Jack, or Ten Bonus cards have a value of 10 unless dealt with an Ace on the initial deal, and then they have a value of 10.5.

## ROUND OF PLAY

1. Pure 21.5 Blackjack is played on a raised gaming table. The table seats eight players who face the house dealer in a 180-degree seating arrangement. The tables are the standard blackjack tables commonly used in the casino industry. The house dealer stands opposite the players, and in the center of the table. The house dealer's chip tray is set in front of the dealer.
2. All tables will have some type of signage where the name of the game is displayed, along with the minimum and maximum wager allowed. The collection fee for the players and player-dealer will

# PURE 21.5 BLACKJACK

also be displayed. A maximum of five collection rates is allowed in compliance with the California Penal Code.

3. A standard round of play begins when a player-dealer is designated. The player-dealer will place a wager in a betting circle in front of their seat. That wager will be used to pay the winners and will set the amount that he/she can collect for the losers. The casino will place a button in front of the player-dealer, which designates that they are taking the "bank" position and further designates whether it is the first or second turn for the player-dealer in the banking position. The player-dealer will place the appropriate collection fee in front of his/her betting circle.
4. Players at a table then place their wagers in designated betting circles. The players may place a wager at his/her seat along with other unoccupied betting circles. Each player must pay the appropriate collection fee based on the posted schedule for the cardroom. Prior to the start of play the house dealer will take collection fees and drop them into a locked collection box affixed to the gaming table.
5. After the fees have been collected, the house dealer will deal the cards to the players and the player-dealer. All cards dealt throughout the game are face up, with the exception of the player-dealer's second card, which will remain face-down until all players have acted on their hands. The house dealer is the only person on the table allowed to touch the cards. The players will signal the dealer with hand gestures that indicate whether they wish to hit or stand. The hand signals will be consistent with the industry standard signals of a sweeping motion towards a player's body, indicating a hit, or a side to side hand motion, indicating the desire to stand. The house dealer deals the first card to the player seated to the left of the player-dealer, and continues in a clock-wise manner. Each player will be dealt one card face up with the player-dealer receiving the last card. The player-dealer's cards will be placed in front of the house dealer.
6. The house dealer will deal a second card to the players in the same order noted above and the last card will go to the player-dealer and will be dealt face down. The players are given an opportunity, starting with the player seated to the left of the player-dealer, to be dealt additional cards to make the best possible hand. (Rules and procedures for splitting, doubling down and surrender will be outlined later).
7. Players must follow the below listed **Chart 1A** in deciding whether to hit or stand on a particular hand.
8. After all players have acted on their hands and indicated to the house dealer that they do not want or cannot receive additional cards, the player-dealer's down card will be turned up. This down card will determine where the "action button" is placed.
9. Both the deal and settling of wagers will start with the player to the left of the player-dealer and continue in a clockwise manner. When determining where the action button will be placed, cards will hold the following values: Ace is one, 2 through 9 have their face value, jack is eleven, queen is twelve, and king is thirteen.
10. The player-dealer's hand will then be completed according to the rules listed on **Chart 1B**. Once the player-dealer's hand is completed, the payoff and/or collection of wagers will begin in the seat designated by the action button and continue in a clockwise manner until all wagers have been acted on.

# PURE 21.5 BLACKJACK

11. Player-dealers are never required to cover all opposing players' wagers. Payoffs of wagers are limited to the amount of the player-dealer wager. The house shall not participate as the player-dealer. The house shall not take a percentage of wagers placed in the game. There is no maximum on the player-dealer's wager.
12. The player-dealer's cards will always be dealt and placed in front of the house dealer's tray. The placement of the player-dealer's cards is standard in all games and is depicted below. See **Diagram #1**
13. The next round of play begins when the house dealer collects all the cards from the table and places them in the discard tray. The player-dealer position shall be offered systematically and continuously in a clockwise manner around the table after every two hands. The player-dealer shall collect all losing wagers, pay all winning wagers, and may not win or lose more than the original amount wagered. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer shall be returned to the respective players. The gambling establishment does not participate in the actual play of the game and has no interest in the outcome of the play.

## DOUBLE-DOWN, SPLIT, AND SURRENDER

1. Players can double-down on the first two cards dealt to them. The player must place a second wager which may be equal to or less than the player's original wager. The player will only receive one additional card, regardless of the total.
2. Players can split any pair or two (King, Queen, Jack, or Ten) Bonus cards. The player must place a second wager equal to the original wager. The player may draw as many cards as desired per split card. When splitting two Aces, the player only receives one additional card per ace. There is no splitting for less.
3. A maximum of three splits is allowed per hand, giving a player up to 4 hands. Doubling-down is permitted after splitting.
4. Players can surrender after the first two cards are dealt to them. If they choose to surrender, half of their wager will be forfeited. The player must indicate their desire to surrender before the player-dealer's down card is exposed. Their play for the hand will then cease.
5. The cardroom will take no extra collection fee on double downs or splits from the player or player-dealer.
6. All payoffs are to the extent that the player-dealer's money covers the action on the table. A player-dealer cannot win or lose more than the entire amount of money placed on the table before the start of the hand.

## BUSTER BLACKJACK BONUS BET

The Buster Blackjack wager allows the player to bet that the player-dealer will bust. The greater the number of cards in the player-dealer's busted hand, the higher the payoff. There will be a distinctive marked circle on the table in which the player will place the optional wager.

### Rules of Play

1. The Buster Blackjack Bonus Bet is an optional wager offered to all players who placed a game wager. Players may place a Buster Blackjack Bonus Bet wager for each game wager placed.
2. A player must participate in the game in order to make the Buster Blackjack Bonus Bet wager.
3. Buster Blackjack Bonus Bet wagers must be placed prior to the initial deal.
4. Back-line betting is not permitted on the Buster Blackjack wager.
5. See the collection rate schedule for restrictions on the amount that may be wagered on the Buster Blackjack Bonus Bet.
6. If the player-dealer does not or cannot have a Pure 21.5 Blackjack and the player has a Pure 21.5 Blackjack, the game wager is paid and the player's cards are put away. The Buster Blackjack Bonus Bet remains in action whether or not the player busts or is dealt a Pure 21.5 Blackjack.
7. Once all players have made the decisions concerning their hands according to the rules for game, the player-dealer will reveal his or her hole card and play out his hand. The payoff odds vary with the number of cards in the player-dealer's busted hand. The more cards in his busted hand, the higher the payoff.
  - a. If the player-dealer's hand busts, all Buster Blackjack Bonus Bets will be paid according to the posted Buster Blackjack pay table.
  - b. If the player-dealer's hand does not bust, all Buster Blackjack Bonus Bets will be collected in rotation to the extent of the money in action.
8. The player-dealer will pay all winning Buster Blackjack Bonus Bets and will collect all losing Buster Blackjack Bonus Bets.

# PURE 21.5 BLACKJACK

9. In the event that the player/dealer's wager does not cover the amount wagered by the players, an action button will be used to designate where the action will begin. Additionally, each player's wager receives action in the following order from seat to seat: base game wager, Buster Blackjack Bonus Bet wager. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer will be returned to the players.

**Note:** If there are no game wagers remaining simply because all players have received a Pure 21.5 Blackjack, as long as there are Buster Blackjack Bonus Bet(s), the player-dealer must complete his or her hand, if it is not 17 or greater.

## Wagering Limits and Collection Fees

A collection fee is taken per hand from the player-dealer based on the total table action, which is the total monetary value of all wagers that are initially placed on the table by players, of the table including the base game and Buster Blackjack Bonus Bet, prior to the start of any play of hand or round. The total table action does not count any additional wagers placed by players after cards are dealt such as double-downs, split cards, insurance wagers, or even money wagers. There will be a collection taken from each player per wager per circle. There shall be no additional collection fee taken from the player when placing a Buster Blackjack Bonus Bet. The player may place a Buster Blackjack Bonus Bet wager less than the base game wager, but also within table limits. The collections are not calculated as a portion of wagers made or winnings earned. The collection fees shall be pre-determined and conspicuously posted on each table prior to any cards being dealt or a round of play commencing. Only one collection schedule option, which utilizes one table limit and the specified collection fees for that table limit, as listed below, shall be used at a table at any one time. Rates may not be calculated as a fraction or percentage of wagers made or winnings earned. Flat fees on wagers may be assessed at different collection rates; however, no more than five collection rates may be established per table limit. The approved collection fees and schedules for the game of Pure 21.5 Blackjack are as shown below:
