

Fortune Pai Gow Poker

Type of Game

The game of Fortune Pai Gow Poker utilizes a player-dealer position and is a California game. The player-dealer shall collect all losing wagers, pay all winning wagers, and may not win or lose more than the original amount wagered. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer shall be returned to the respective players. The player-dealer may only "bank" the hand (including bonus bets) for two consecutive rounds of play before it is offered in a clockwise fashion around the gaming table. The gambling enterprise does not participate in the actual play of the game and has no interest in the outcome of play.

Object of Game

Fortune Pai Gow Poker adds a bonus bet element to the traditional game of Pai Gow Poker played in California Cardrooms. Each player competes against the player-dealer to make the best possible hand.

In Fortune Pai Gow Poker, a player can place an optional Fortune Bonus Bet. A player that wagers at least \$5 on the Fortune Bonus Bet qualifies for an Envy Bonus prize.

Description of Table Used and Total Number of Seated Players

An industry standard Pai Gow Poker table will be used to play Fortune Pai Gow Poker. A table felt with the game name and segregated marked Fortune Bonus Bet areas. The game will be played on a standard pai gow poker table. Backline betting is permitted on all wagers.

Fortune Pai Gow Poker is played on a standard Pai Gow Poker table which seats a maximum of seven players including the player-dealer position. The game may be played on a larger table that seats more than seven players; however, a maximum of seven players may be active in the game during each round of play.

Dealing Procedures and Round of Play

Casino 99 will have the option of either using a shuffling machine or manually dealing the cards.

When using a shuffler, Casino 99 will have the player-dealer shake the dice cup to determine who has first action and who will be delivered the first hand. All positions will receive a 7-Card hand, one by one from the shuffler.

The casino dealer will complete the deal of seven piles of seven cards face down in front of the casino dealer. When dealing the seven piles of seven cards, the casino dealer shall deal one card at a time in front of them until there are seven cards, starting from **left to right**. Once there are seven cards laid out, the casino dealer shall deal each pile another card, from right to left, giving each pile a total of two cards. This process of dealing cards left to right, then **right to**

Fortune Pai Gow Poker

left, shall be completed until each pile has seven cards. The remaining four cards shall be placed in the discard pile.

Once the cards have been stacked, the player-dealer randomly selects which pile will be distributed to the first player who receives the "Action" button. The casino dealer identifies the hand by placing a button marked "Action" on this pile by pushing it forward and turning the pile behind it side ways.

To determine the placement of the "Action" button, the player-dealer shakes a dice cup containing three standard dice. The sum of the dice indicates to which seat the first pile of seven cards will be distributed. The player-dealer's position is always one, eight, and fifteen. Other seats, in clockwise rotation, respectively represent the other numbers. If the numerical total of the dice are one, eight, or fifteen, the player-dealer shall receive the first set of cards and the player to the left of the player-dealer shall receive the "Action" button. Wagers shall be settled in a clockwise manner around the table, starting with the player with the "Action" button. Furthermore, all wagers shall be settled from seat to seat in the following order: the Fortune Pai Gow Poker game wager, then the Fortune Bonus Bet wager, and then the Envy Bonus. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer shall be returned to the respective players.

Once the "Action" button position is determined, the casino dealer shall distribute the seven piles of cards, starting with the pile that has the "Action" button and continuing clockwise around the table. All seven piles of cards will be distributed to all seats at the table, regardless of whether a player is seated at each position or a wager has been placed. Once all of the piles of cards have been distributed, the casino dealer will collect the cards distributed to seats without a wager and place them in the discard pile.

Each player and the player-dealer put up any bets they wish to place for the next hand. Players have the option of placing a Fortune Bonus Bet wager at this time as well.

The casino dealer will then follow dealing procedures and standards of play, as described above.

Once the cards have been distributed, each player shall set their hands by arranging the seven cards into a two-card hand which is placed in front of the five-card hand, and a five-card hand which is placed behind the two-card hand. The five-card hand must rank higher than the two-card hand, according to the ranking of hands, as shown above. Player's may ask the casino dealer to place their hand "House Way" according to the chart below.

When all players' hands have been set, the casino dealer exposes the player-dealer's hand, and sets their hand.

Fortune Pai Gow Poker

How Winners are Determined and Paid

The Fortune Pai Gow Poker game wager wins if the two-card hand and the five-card hand held by the player ranks higher than the player-dealer's two-card hand and the five-card hand. Winning Fortune Pai Gow Poker game wagers are paid 1 to 1.

The Fortune Pai Gow Poker game wager loses if the two card hand and the five card hand held by the player ranks lower than the player-dealer's two card hand and the five card hand.

The Fortune Pai Gow Poker game wager "pushes" if one of the hands held by the player ranks higher than the player-dealer's corresponding hand, and the player's other hand ranks lower than the player-dealer's corresponding hand. In this case, neither the player nor the player-dealer wins or loses; the wager is a "push" and is returned to the player.

If one hand is identical in rank to the player-dealer's hand, it is a "copy hand." The player-dealer wins all "copy hands."

Once the standard Pai Gow Poker wagers are settled (win, lose, tie/push) the casino dealer will determine if the player's hand qualifies for the Fortune Bonus Bet and/or the Envy Bonus.

The Fortune Bonus bet considers the best hand possible among the player's seven cards.

If the player's hand qualifies for payouts, the player is paid according to the posted pay table.

- The casino dealer leaves the "Envy" button, if applicable, next to the player's original wager and payouts. The casino dealer will not pick up "Envy" buttons until all wagers are reconciled.

If the player's hand does not qualify for payouts, the player-dealer collects the Fortune Bonus Bet wager.

- The casino dealer leaves the "Envy" button, if applicable, next to the player's Fortune Pai Gow Poker game wager and payouts. The casino dealer will not pick up "Envy" buttons until all wagers are reconciled.

The player-dealer pays any Envy Bonuses at the end of the round.

- If at least one player has a Four of a Kind or higher, all players with "envy" buttons win (see pay table).
- In the event more than one player has at least Four of a Kind, then all players with "envy" buttons win multiple payouts.
- A player cannot win an Envy Bonus for their own hand or for the player-dealer's hand.

The player-dealer collects all losing Fortune Bonus Bet wagers and pays all winning Fortune Bonus Bet wagers.

The cards are collected, shuffled, and a new round begins.

Bonus Bets

Fortune Bonus Bet

For each seated position, there shall be one separate and specifically designated area for the placement of a Fortune Bonus Bet wager. A player may only place a Fortune Bonus Bet wager if they have also placed a Fortune Pai Gow Poker game wager prior to the initial deal.

Fortune Pai Gow Poker

The Fortune Bonus Bet takes into account the first seven (7) cards dealt as a player's hand. In the event that the first seven (7) cards dealt to a player that placed a Fortune Bonus Bet wager is a pre-determined and designated qualifying hand, as shown below, the Fortune Bonus Bet wager shall win. The player shall then receive a monetary payout based on the bonus hand that the player has received and the payable, as shown below. Any other combination of the first seven (7) cards dealt, other than the hands shown below, shall lose. There is no opportunity for the Fortune Bonus Bet wager to tie as it is dependent on the cards dealt as the player's hand, not a comparison of cards or hands.

The Joker can be used as an ace or to complete a straight or flush, on the Fortune Bonus Bet.

The Fortune Bonus Bet wager remains in action regardless of whether the player's Fortune Pai Gow Poker game wager wins, loses, or pushes.

The player-dealer shall pay all qualifying Fortune Bonus Bet wagers and shall collect all Fortune Bonus Bet wagers that did not qualify. Wagers are collected or paid, to the extent that the player-dealer's wager covers. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer shall be returned to the respective players.

Qualifying Fortune Bonus Bet wagers shall be paid according to the table, as shown below.

Envy Bonus

A player that places a wager of at least \$5 on the Fortune Bonus Bet shall receive an "Envy" button and may qualify for the Envy Bonus payout if another player who placed a Fortune Bonus Bet wager receives a pre-determined and designated qualifying hand, as shown below. Players shall receive one (1) "Envy" button for each Fortune Bonus Bet wager in an amount equal to or greater than \$5.

Only seated players are eligible to receive an "Envy" button.

The Envy Bonus takes into account the first seven (7) cards dealt as a player's hand. In the event that the first seven (7) cards dealt to a player that has placed a Fortune Bonus Bet wager is a pre-determined and designated qualifying hand, as shown below, all players with an "Envy" button shall win. However, a player is not eligible to win an Envy Bonus for their own hand if it qualifies for an Envy Bonus payout. If multiple players have made a seven (7) card qualifying Fortune Bonus Bet and Envy Bonus hand, then all players with an "Envy" button shall win, other than for their own hand. Players shall receive a fixed monetary payout based on the qualifying hand that another player has received and the payable, as shown below. Any other combination of the first seven (7) cards dealt, other than the hands shown below, shall lose.

The Envy Bonus may win regardless of the outcome of the Fortune Pai Gow Poker game wager.

The player-dealer shall pay all qualifying Envy Bonuses and shall collect all "Envy" buttons that did not qualify. Wagers are collected or paid, to the extent that the player-dealer's wager covers. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer shall be returned to the respective players.

Qualifying Envy Bonus buttons shall be paid according to the table, as shown below.
