The Honorable Xavier Becerra
California Attorney General
Department of Justice
Attn: Bureau of Gambling Control
P.O. Box 168024
Sacramento, CA 95816-8024

Dear Attorney General Becerra:

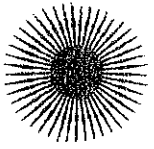

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely, *DARIN C. ALEXANDER*

Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

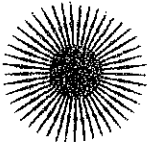

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Darany Chhim 102152

I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Ferris Shaw

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

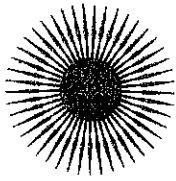

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Simon Wu

Sacramento, CA 95816-8024

Dear Attorney General Becerra:

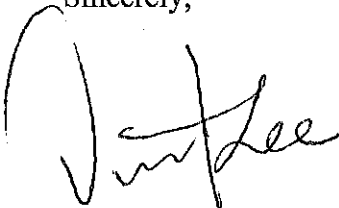

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Dear Attorney General Becerra:

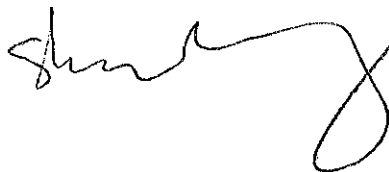

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Brian Tran

It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Ryan Ross

Dear Attorney General Becerra:

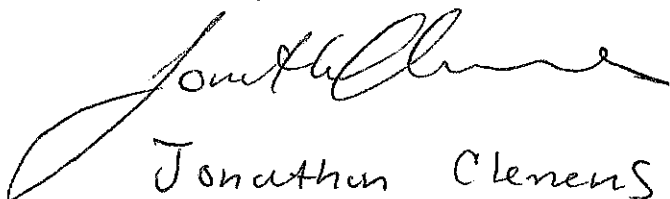

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely, Steven Sey

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely, *Tang Shang Juan*

Dear Attorney General Becerra:

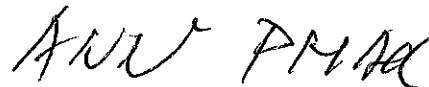

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

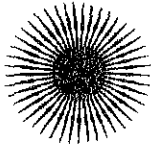

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

shang zhen yang

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

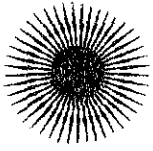

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

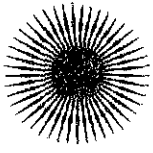

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Chansalemomy Ben.  103166

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

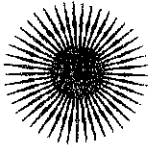

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

SELVIN BURKE 11-9-18

Dear Attorney General Becerra:

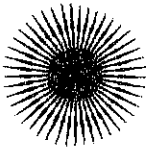

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

3883 W. Century Blvd., Los Angeles, CA 90303 | 310.330.2800 | playhpc.com

The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

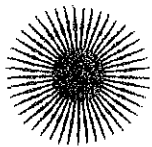

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

IN

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Pacific United Service Inc.

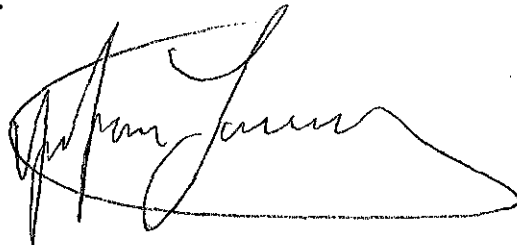

Hollywood Park Casino is a valued client of Pacific United Service Inc and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Pacific United Service Inc.

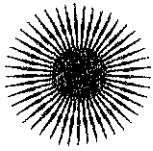

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Yojana Lainez

The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

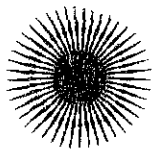

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

 *JESSE SUI* 100708

I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

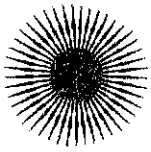

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

**HOLLYWOOD

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

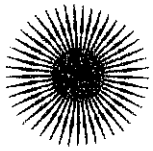

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. Sacramento, CA 95816-8024

Dear Attorney General Becerra:

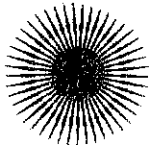

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

 KAREN SOK

I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Abriha Beyene

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

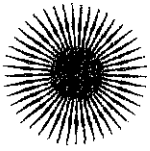

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. The Honorable Xavier Becerra
California Attorney General
Department of Justice
Attn: Bureau of Gambling Control
P.O. Box 168024
Sacramento, CA 95816-8024

Dear Attorney General Becerra:

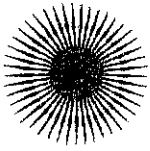

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

**HOLLYWOOD

These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

 Matthew Torrez

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

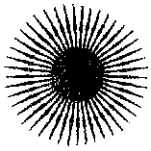

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

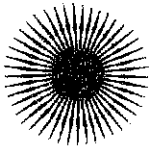

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

JOHNNY MIN HUANG

Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and specifically Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino has been and continues to be a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City. It also supports many of the local businesses, including Kentucky Gaming.

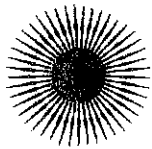

Hollywood Park Casino is a valued client of Kentucky Gaming and has been critical to the success of our business. It is my understanding that the gaming industry is facing potential changes that threaten the current games offered at Hollywood Park Casino, and other local card rooms. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. I strongly encourage you to consider the impact of these potential changes on card rooms and the indirect consequences of vendors such as Kentucky Gaming.

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my business, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety. Additionally, imposing heavy-handed and unwarranted limits on popular legal games like Black Jack and other California games will jeopardize employment opportunities for people who live in and around communities that house card clubs. In Los Angeles County, it is estimated that approximately 7,000 residents and countless other businesses would potentially be impacted by the contemplated new regulations.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

10/20/18

Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

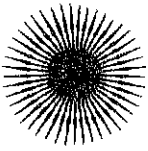

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Hirut Gulilat

The Honorable Xavier Becerra
California Attorney General
Department of Justice
Attn: Bureau of Gambling Control
P.O. Box 168024
Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

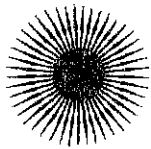

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Bonnie Ther

The Honorable Xavier Becerra
California Attorney General
Department of Justice
Attn: Bureau of Gambling Control
P.O. Box 168024
Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

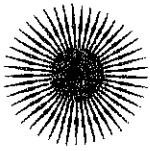

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

3883 W. Century Blvd., Los Angeles, CA 90303 | 310.330.2800 | playhpc.com

Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Maria Figueroa

The Honorable Xavier Becerra
California Attorney General
Department of Justice
Attn: Bureau of Gambling Control
P.O. Box 168024
Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

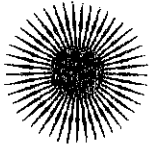

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

CHIRAYR OTUZBIRYAN # 101980

Dear Attorney General Becerra:

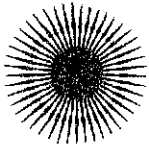

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

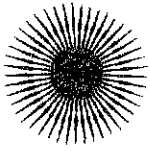

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

[Handwritten signature] 10/5/09

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

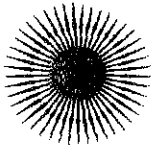

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Jianxin He

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

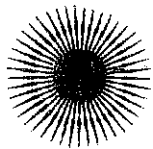

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

 Denver L. Brown

Attn: Bureau of Gambling Control
P.O. Box 168024
Sacramento, CA 95816-8024

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

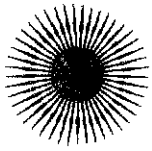

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Mark Ni 11-9-18

Dear Attorney General Becerra:

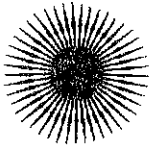

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Sao Wan Lao

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

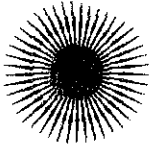

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

DONALD W WOODS, JR

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Spencer Rein 102 642

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

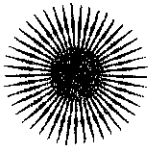

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

HENGPING ZHU

I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

Becerra

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

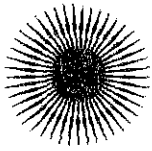

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

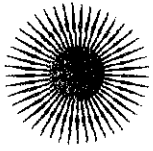

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

FERIDON AESHTAR 10/26/18

Dear Attorney General Becerra:

I am writing to express my support of the cardroom industry, and particularly my employer, Hollywood Park Casino, which has operated in the City of Inglewood for nearly 25 years. The Hollywood Park Casino employs approximately 850 individuals and, as a valued member of the Inglewood community, has a long record of supporting local organizations and partnering with the City.

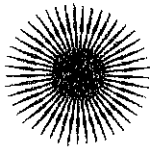

It is my understanding that the gaming industry is facing potential changes that threaten the current games we offer at Hollywood Park Casino. These games have been offered by Hollywood Park Casino and enjoyed by players for the last 10-25 years. As an employee, I rely on these legal, safe and fair games to support myself and my family. I strongly urge you to consider the impact of these potential changes on card room employees like myself and the local communities.

As mentioned above, Hollywood Park Casino generates approximately 850 living wage jobs, including my own, that require little prior formal training or higher education. My job not only allows me to provide basic necessities to my family, but also to help my family achieve larger goals and aspirations of higher education, business development that would not be possible without Hollywood Park Casino. Any limits on or elimination of California games, like Black Jack, could jeopardize the stability and security of my job, not to mention the tax revenues that fund a variety of vital City services, including fire and public safety.

I implore you to work with the industry to find a workable solution and prevent the negative economic and job-loss consequences that will certainly result from limiting or eliminating these games. Thank you.

Sincerely,

MARIA CRISELDA RAMOS 102308
