RE: New Tournament Application Process

The Division is pleased to announce the implementation of a more simplified Tournament Application process. Effective immediately the Division is adopting much less restrictive requirements on gambling establishments requesting approval to offer tournaments. This new process will allow gambling establishments more flexibility and allow greater variations in the elements that make up the tournament structure. In most cases, you will only need two tournament approvals, one for Poker Tournaments and one for the California Games (controlled games that feature a rotating player-dealer position). The following are the key changes in the tournament application requirements:

- The Tournament Name is no longer required on the application.
- Each aspect of the tournament structure may be specified as either a range or option in the element of the buy-ins, re-buys, add-on, etc.
- Multiple sources for the funding of prizes are allowed.
- Multiple prize structures are allowed.
- All fees may be specified as either a range or option.
- You are no longer required to submit advertisements with the Application for Gaming Activity Review.
- For proper accounting a Tournament Log should be maintained to record the tournament play.

For more detailed instructions please see the enclosed documents:

• **Application for Gaming Activity Review:**

At this time, there has been no change to the application. Please continue to fill this out in its entirety and enclose it with your submission. If all questions on the application are not answered following the requirements outlined here, your review/approval process for tournament(s) may be delayed.

These instructions detail exactly what is allowed and required in each section of the Application for Gaming Activity Review.

These instructions detail exactly what is allowed and required in each section of the Application for Gaming Activity Review.

- **Gaming Activity Review Application Example:**

This example has been provided to assist you in completing the Gaming Activity Review Application pertaining to the new tournament guidelines.

- **Tournament Log:**

Although your Application for Gaming Activity Review may cover multiple tournaments, the Tournament Log should be filled out with information specific for each tournament played. The log should be retained by your gambling establishment for seven (7) years and be available upon request from Division staff during all hours of operation. If you would like additional copies of the sample log, contact your Games Analyst. (NOTE: The Division is currently amending regulations to establish this procedure as a requirement.)

- **Tournament Log Instructions:**

These instructions detail exactly what information is required in each section of the Tournament Log.

- **Tournament Log Example:**

This example has been provided to assist you in completing your Tournament Log.

It is important to note gambling establishments wanting to receive approval of a tournament using the structure noted above must submit a new application to the Division in the form of an Application for Gaming Activity Review (DGC-APP. 027), along with a nonrefundable application fee of \$500 [Ref. Business and Professions Code 19951 (a)] and a refundable deposit of \$315 [Ref. Title 11, CCR, Division 3, section 2037 (a) (1) (I) and Business and Professions Code section 19951]. Gambling establishments will not be allowed to amend tournaments previously approved under the old application process. Once approved under the new process, all tournaments conducted within the specified variations or options will be approved for play without additional amendments or applications.

The Division will only begin the review/approval process upon receipt of a complete application and monies. Please note that additional monies may be required to supplement the initial deposit if needed to cover actual costs and charges incurred. Any unused portion of the deposit will be refunded along with an itemization of the charges.

Although current regulations allow for ninety (90) days to process an application, requests that are submitted with all the required information addressed in this letter will take fewer days to process. As a reminder, gambling establishments may not offer for play any requested game or gaming activity without first obtaining authorization from the Division [Ref. Title 11, CCR, Division 3, section 2070 (b)].
