Settlements generally include injunctive relief benefitting the public, such as product reformulation, emission reduction, or warnings. This injunctive relief is often complex, cannot be presented in summary form, and requires reference to actual settlement documents to accurately assess. This report should not be used by itself to evaluate Proposition 65 settlements.

Proposition 65 Settlement Summary

Settlements generally include injunctive relief benefitting the public, such as product reformulation, emission reduction, or warnings. This injunctive relief often is complex, cannot be presented in a summary form, and requires reference to actual settlement documents to accurately assess. This report should not be used by itself to evaluate Proposition 65 settlements.
