Notice of Data Breach

Dear <<Name 1>>:

Hematology Oncology Associates, PC (“HOA”) understands the importance of protecting our current and former employees’ information. Regrettably, we are writing to inform you of an incident that involves some of your information. This notice explains the incident, measures we have taken, and steps you can take in response.

What Happened?

On March 19, 2019, we learned that an unauthorized person gained access to some employee email accounts on December 18, 2018, and between February 22, 2019 and February 28, 2019. We immediately secured the accounts, began an investigation, and hired a computer forensic firm to assist. The investigation was not able to determine which emails and attachments were viewed by the unauthorized person(s).

What Information Was Involved?

We therefore conducted a thorough review of the email accounts involved and, on April 20, 2019, determined that an email or attachment potentially accessed by the unauthorized person(s) contained some of your personal information, including your <<variable text>>.

What We Are Doing.

We take the security of your personal information very seriously. To help prevent something like this from happening in the future, we forced a password change for all employees and are reinforcing employee training on how to detect and avoid phishing emails.

What You Can Do.

Although, to date, we have no indication that any of your information was misused, we are nonetheless informing you of the incident, and we want to assure you that we take it very seriously. We encourage you to remain vigilant by reviewing your account statements and credit reports for any unauthorized activity. As a precaution, we have arranged for you to receive a complimentary one-year membership to Experian’s® IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft.
