Dear John Sample,

We recently learned that Acclaim Technical Services, Inc., (“ATS”) was the target of a state-sponsored, malicious cyber intrusion that resulted in the theft of certain records containing personal information. You are receiving this letter because we have determined that your personal information, including your name, Social Security Number, driver’s license number, passport number, alien registration number, naturalization certificate number, date and place of birth, and postal address may have been compromised as a result of this intrusion.

As soon as we discovered the incident, we took appropriate steps to contain it. We have retained experts in cybersecurity to assist us in our investigation of the incident and are cooperating fully with the FBI in its investigation. Based on our investigation to date, the intrusion appears to have taken place over several weeks beginning in late August, and is highly sophisticated in nature.

We want you to know that we are working hard to help those impacted by this incident and to prevent this from happening again in the future. ATS will provide you and your dependent, minor children with comprehensive identity theft protection and monitoring services at no cost to you.

We take our obligation to safeguard personal information very seriously and are alerting you about this incident so you can take steps to help protect yourself. You are entitled under U.S. law to one free credit report annually from each of the three nationwide consumer reporting agencies. To order your free credit report, visit www.annualcreditreport.com or call toll-free at 1-877-322-8228. We encourage you to remain vigilant by reviewing your account statements and monitoring your free credit reports.

In addition, we have arranged to provide comprehensive identity protection and credit monitoring services to you and your dependent, minor children for 36 months at no cost to you. The attached Reference Guide provides information on how to register for these services and recommendations by the U.S. Federal Trade Commission on the protection of personal information.

We encourage you to take the following steps:

Order Your Free Credit Report. To order your free credit report, visit www.annualcreditreport.com, call toll-free at 1-877-322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. The three consumer reporting agencies provide free annual credit reports only through the website, toll-free number or request form.

When you receive your credit report, review it carefully. Look for accounts you did not open. Look in the "inquiries" section for names of creditors from whom you haven't requested credit. Some companies bill under names other than their store or commercial names. The consumer reporting agency will be able to tell you when that is the case. Look in the "personal information" section for any inaccuracies in your information (such as home address and Social Security number). If you see anything you do not understand, call the consumer reporting agency at the telephone number on the report. Errors in this information may be a warning sign of possible identity theft. You should notify the consumer reporting agencies of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected. If there are accounts or charges you did not authorize, immediately notify the appropriate consumer reporting agency by telephone and in writing. Consumer reporting agency staff will review your report with you. If the information can't be explained, then you will need to call the creditors involved. Information that can't be explained also should be reported to your local police or sheriff's office because it may signal criminal activity.

Report Incidents. If you detect any unauthorized transactions in a financial account, promptly notify your payment card company or financial institution. If you detect any incident of identity theft or fraud, promptly report the incident to law enforcement, the FTC and your state Attorney General. If you believe your identity has been stolen, the FTC recommends that you take these steps:

Place an initial fraud alert.

Order your credit reports.

Create an FTC Identity Theft Affidavit by submitting a report about the theft at <http://www.ftc.gov/complaint> or by calling the FTC.

File a police report about the identity theft and get a copy of the police report or the report number. Bring your FTC Identity Theft Affidavit with you when you file the police report.

Your Identity Theft Report is your FTC Identity Theft Affidavit plus your police report. You may be able to use your Identity Theft Report to remove fraudulent information from your credit report, prevent companies from refurnishing fraudulent information to a consumer reporting agency, stop a company from collecting a debt that resulted from identity theft, place an extended seven-year fraud alert with consumer reporting agencies, and obtain information from companies about accounts the identity thief opened or misused.

You can contact the FTC to learn more about how to protect yourself from becoming a victim of identity theft and how to repair identity theft:

Consider Placing a Fraud Alert on Your Credit File. To protect yourself from possible identity theft, consider placing a fraud alert on your credit file. A fraud alert helps protect you against the possibility of an identity thief opening new credit accounts in your name. When a merchant checks the credit history of someone applying for credit, the merchant gets a notice that the applicant may be the victim of identity theft. The alert notifies the merchant to take steps to verify the identity of the applicant. You can place a fraud alert on your credit report by calling any one of the toll-free numbers provided below. You will reach an automated telephone system that allows you to flag your file with a fraud alert at all three consumer reporting agencies. For more information on fraud alerts, you also may contact the FTC as described above.

TransUnion	TransUnion LLC P.O. Box 2000 Chester, PA 19022-2000	1-800-680-7289	www.transunion.com

Consider Placing a Security Freeze on Your Credit File. You may wish to place a “security freeze” (also known as a “credit freeze”) on your credit file. A security freeze is designed to prevent potential creditors from accessing your credit file at the consumer reporting agencies without your consent. There may be fees for placing, lifting, and/or removing a security freeze, which generally range from \$5-\$20 per action. *Unlike a fraud alert, you must place a security freeze on your credit file at each consumer reporting agency individually.* For more information on security freezes, you may contact the three nationwide consumer reporting agencies or the FTC as described above. As the instructions for establishing a security freeze differ from state to state, please contact the three nationwide consumer reporting agencies to find out more information.

The consumer reporting agencies may require proper identification prior to honoring your request. For example, you may be asked to provide:

Your full name with middle initial and generation (such as Jr., Sr., II, III)

Your Social Security number

Your date of birth

Addresses where you have lived over the past five years

A legible copy of a government-issued identification card (such as a state driver’s license or military ID card)

Proof of your current residential address (such as a current utility bill or account statement)

For Maryland Residents. You can obtain information from the Maryland Office of the Attorney General about steps you can take to avoid identity theft. You may contact the Maryland Attorney General at:

For Massachusetts Residents. You have the right to obtain a police report and request a security freeze as described above. The consumer reporting agencies may charge you a fee of up to \$5 to place a security freeze on your account, and may require that you provide certain personal information (such as your name, Social Security number, date of birth, and address) and proper identification (such as a copy of a government-issued ID card and a bill or statement) prior to honoring your request for a security freeze. There is no charge, however, to place, lift or remove a security freeze if you have been a victim of identity theft and you provide the consumer reporting agencies with a valid police report.
