Dear Jane Smith,

We are writing to notify you of an incident that occurred on or about August 27, 2026 involving access to your information by an unauthorized actor.

What Happened?

On August 27, 2026, an unauthorized actor gained access to our electronic health records ("EHR") software. We immediately implemented our incident response protocols, removed the unauthorized actor, and conducted an investigation to determine what occurred and whether any data may have been impacted. Our investigation determined on August 27, 2026 that the unauthorized actor gained entry to our EHR through a phishing attack on a non-employee contractor and had access to patient information before the actor was detected and removed.

What Information Was Involved?

Our review determined that the patient information that was viewed may have contained names, contact information, and health insurance information. No Social Security Numbers or payment card information were accessible to the unauthorized actor.

What We Are Doing:

Upon discovery, Blossom Health removed the unauthorized individual's ability to access the information, changed user passwords, and implemented additional technical and security measures within our environment, among other measures.

Recommended Steps to help Protect Your Information

1. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

2. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus		
Equifax Fraud Reporting	**Experian Fraud Reporting**	**TransUnion Fraud Reporting**
1-866-349-5191	1-888-397-3742	1-800-680-7289
P.O. Box 105069	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348-5069	Allen, TX 75013	Chester, PA 19022-2000
www.equifax.com	www.experian.com	www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well.

You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

3. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.
