Notice of Data Security Incident

August 4, 2022

Dear Parent or Guardian of <<First Name>> <<Last Name>>,

We are writing to inform you of an incident that exposed your child’s sensitive personal information. We take the privacy of your child’s information seriously and want to provide you with information and resources you can use to protect their information.

What Happened and What Information was Involved:

Cornerstone National Insurance Company (“Cornerstone”) is an insurance company located in Missouri. Through its policy management software, Cornerstone and its external agents access various subscription services, including computerized databases where driver’s license information is available for the purpose of performing insurance application due diligence.

On November 29, 2021, Cornerstone became aware that an unauthorized third party gained access to certain agent user accounts and leveraged this access to run unauthorized searches in these subscription databases. Cornerstone immediately issued a global password reset and notified its software vendor, who conducted a forensic investigation to confirm security. Once the environment was secure, we moved forward with a comprehensive analysis into the extent of unauthorized activity.

These investigations, which concluded on July 6, 2022, determined that the following personal information could have been accessed by an unauthorized third party: first name, last name, and driver’s license number.

While we have no evidence that your child’s information has been specifically misused, your child’s following personal information could have been accessed by an unauthorized third party: first and last name, driver’s license number.

We have not received information of a specific misuse of personal information.

You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);

TransUnion (<https://www.transunion.com/fraud-alerts>); or

Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at listed above.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.
