RE: Notice of Data Breach

Dear <<Full Name>>:

Calibrated Healthcare, LLC (“Calibrated”) provides administrative and clinical healthcare services to entities across the United States. We are writing to notify you of a data incident that may impact your information that we received in connection with the services we provide to <<Data Owner/Entity>>.

What Happened? On February 26, 2024, Calibrated identified suspicious activity related to certain systems within its computer network. In response, Calibrated promptly took the systems offline and began an investigation. The investigation determined that certain portions of Calibrated’s network were accessed between February 25 and February 26, 2024 and, during that timeframe, certain files were likely copied without authorization. As a result of that determination, Calibrated initiated a comprehensive review of the data to determine what type of information was present and to whom it relates. Through this review, we identified information relating to some of our customers. We began notifying our customers on May 1, 2024, and worked with them to notify potentially impacted individuals, including you.

What Information Was Involved? Our investigation determined that your name and <<Data Elements>> were present in the reviewed files.

What We Are Doing. In response to this incident, we dedicated significant resources to confirming the security of our network, conducting a comprehensive investigation and completing a detailed review of the relevant files. We then notified our potentially affected customers and worked with them to provide notice to potentially impacted individuals as quickly as possible. As part of our ongoing commitment to the security of information in our care, we are also reviewing our existing policies and procedures and enhancing our existing security tools.

As an added precaution, we are offering you <<12/24>> months of credit monitoring and identity protection services, through Equifax, at no cost to you. If you wish to activate these services, you may follow the instructions included in the *Steps You Can Take to Help Protect Personal Information* section on the next page of this letter. Please note you must enroll in these services directly, as we are unable to do so on your behalf.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors. Again, additional information and resources may be found in the *Steps You Can Take to Help Protect Personal Information* section on the next page of this letter.

For More Information. If you have additional questions regarding this incident, please call our dedicated call center at 888-596-6176, which is available between 6:00 am and 6:00pm PST, Monday through Friday. You may also write to Calibrated Healthcare at 3633 Inland Empire Blvd #301, Ontario, CA 91764.

Sincerely,

Calibrated Healthcare

³ Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com.

⁴ The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
