[EXTRA1] takes the protection and proper use of your personal information very seriously. We are, therefore, contacting you to explain the incident and provide you information about security measures you can take to protect yourself and your personal information.

What Happened:

[EXTRA2] This notice was not delayed as the result of a law enforcement investigation.

What Information Was Involved:

This incident involved your [EXTRA3]. As a result, your personal information may have been exposed to others.

What We Are Doing:

We understand that the vendor has taken actions to mitigate the incident, including notifying law enforcement, successfully locking out the unauthorized users from their system, and undertaking a full forensic investigation of the incident. In addition, we have suspended all activity with this vendor. With respect to payment card data, we have notified Visa, Mastercard, American Express and Discover so that they may take appropriate action to protect cardholders. [EXTRA4]

Information on Obtaining Credit Reports, Credit Freezes and Security Alerts

It is important that you remain vigilant over the next 12 to 24 months by reviewing your account statements and monitoring your credit reports for suspicious activity. We have provided information below about how to contact the credit reporting agencies and the Federal Trade Commission to obtain your credit report, place fraud alerts and credit freezes, and obtain additional information.

Obtain a Free Credit Report: You may obtain a free copy of your credit report from each of the three nationwide consumer reporting agencies by calling 1-877-322-8228 or going online to www.annualcreditreport.com. Under federal law, you are entitled to one free copy of your credit report every 12 months from each of the three nationwide credit reporting agencies.

Credit Freezes & Fraud Alerts: You have a right to place a 'security freeze' on your credit report at no charge, which will prohibit a credit reporting agency from releasing information in your credit report without your written authorization. The security freeze is designed to prevent credit loans, and services from being approved in your name without your consent. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prohibit the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other accounts involving the extension of credit. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

As an alternative to a security freeze, you have the right to place an initial or extended fraud alert on your credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account that requests information in your credit report for the purposes of reviewing or collecting the account. Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements. To place a security freeze on your credit report, you must contact **each** of the three major consumer reporting agencies: Equifax (www.equifax.com); Experian (www.experian.com); and TransUnion (www.transunion.com) by regular, certified or overnight mail at the addresses below. You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:

Experian: (888) 397-3742 Experian Security Freeze P.O. Box 9554 Allen, TX 75013 https://www.experian.com/freeze/center.html	Equifax: (877) 298-0045 Equifax Information Services LLC P.O. Box 105788 Atlanta, GA 30348-5788 https://www.equifax.com/personal/credit-report-services/credit-freeze/	TransUnion: (888) 909-8872 TransUnion Credit Freeze P.O. Box 160 Woodland, PA 19094 https://www.transunion.com/credit-freeze
--	--	--

In order to request a security freeze, you will need to provide some or all of the following information to the credit reporting agencies, depending on whether you do so online, by phone, or by mail: (1) Your full name (including middle initial as well as Jr., Sr., II, III, etc.), (2) Social Security Number, (3) Date of birth, (4) If you have moved in the past five years, the addresses where you have lived over the prior five years, (5) Proof of current address, such as a current utility bill, telephone bill, rental agreement, or deed, (6) a legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.), (7) Social Security Card, pay stub, or W2, (8) if you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

“Security Alert with ChexSystems: You may place an alert with ChexSystems. Chex Systems, Inc. is a consumer-reporting agency governed by the FCRA and other laws (the Federal Trade Commission enforces the FCRA) which provides account verification services to its financial institution members to aid them in identifying account applicants who may have a history of account mishandling (for example, people whose accounts were overdrawn and then closed by them or their bank). In short, ChexSystems is like the credit reporting agencies (Equifax, Experian, TransUnion) but specific to checking/savings history instead of credit/loan history. ChexSystems has two protections available:

- Consumer Report Security Alert. This puts a flag on your consumer file stating the banking institution needs to take additional steps to confirm it is you who is initiating the action (much like placing a fraud alert with the credit reporting agencies). You may request a 90-day alert, which is the default, though you may extend it to 7 years if you complete the ChexSystems ID Theft affidavit form (available online), have the affidavit notarized, and send the notarized affidavit to ChexSystems. To set the Consumer Report Security Alert, call (888) 478-6536 or online by visiting <https://www.chexsystems.com>.

- Consumer Report Security Freeze. This will prohibit ChexSystems from releasing any information in your consumer file without your express authorization, meaning you have to contact ChexSystems and lift the freeze in order for your information to be released (much like placing a freeze with the credit reporting agencies). You should be aware that taking advantage of this right may delay or prevent timely approval from any user of your consumer report that you wish to do business with. The third party will receive a message indicating that you have blocked your information. To set the Consumer Report Security Freeze, call (800) 887-7652 or online by visiting <https://www.chexsystems.com>.”

Extra6: This field is only used if “your credit card information” appears anywhere in Extra 3.

“If you manage your account with us online and had a payment card stored for automatic payments on your account, you will need to update that with your new card information.”
