NOTICE OF DATA BREACH

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

Camrosa Water District understands the importance of protecting the information of our employees and customers. We are writing to inform you about an incident that may have involved some of your information. This notice explains the incident, measures we have taken, and some steps you can take in response.

What Happened?

On August 13, 2020, Camrosa Water District discovered a criminal cyber-attack that resulted in data on certain devices becoming encrypted. We immediately began to investigate, a cybersecurity firm was engaged to assist, and measures were taken to address the incident and restore operations. The investigation that was recently concluded found evidence that there was unauthorized access to files on Camrosa Water District's file servers between August 20, 2019 and August 13, 2020.

What Information was Involved?

On September 28, 2020, we determined that the file servers accessed included the names and Social Security numbers of Camrosa's current (and in some cases former) employees and current and former customers who currently or formerly paid invoices from Camrosa authorizing Camrosa to debit the customers checking or savings accounts (via ACH). The information in the accessed file servers may have included your Social Security number and your checking or savings account number. Although the investigation did not determine that the cyber attacker viewed or exfiltrated your personal information, we are providing this notice out of an abundance of caution.

What You Can Do.

While we are not aware of any misuse of your personal information, we encourage you to remain vigilant for incidents of fraud or identity theft by reviewing your account statements and credit reports for any unauthorized activity. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
