Re: Security Incident

Dear <<MemberFirstName>> <<MemberLastName>>>,

We are writing to tell you about a data security incident that may have exposed some of your personal information as an employee of Central Concrete Supply Co., Inc., Right Away Redy Mix, Inc., or Rock Transport, Inc. We take the protection and proper use of your information very seriously. This is why we are contacting you directly to let you know how we are protecting you personally.

What Happened?

On February 24, 2016, we became aware of a data breach by which we believe a third party obtained access to copies of your 2015 W-2 income and tax withholding statements. This information was stolen through a sophisticated social engineering scheme in which an outside party posing as another person convinced an employee of Central Concrete Supply to provide copies of the documents by email on February 23, 2016. The data was not obtained through any breach of the Company's information technology systems.

As soon as we became aware of the breach, the Company contacted law enforcement to pursue the wrongdoers. The Company is actively cooperating with the FBI and other law enforcement authorities to address the matter.

What Information Was Involved?

The information involved in this incident included employer name, employee name, address, phone number, tax identification number, social security number, and income information.

What Are We Doing to Protect You?

Central Concrete Supply values your service to the Company and deeply regrets that this incident occurred. We are partnering with a leading third-party forensics firm to conduct a thorough investigation of the incident and to determine additional measures we can take that would be designed to help prevent incidents of this kind in the future. Central Concrete is aware of the increasing cybersecurity threats and has previously conducted phishing exercises with its employees to train on preventing such attacks and has conducted a thorough review from a leading cybersecurity firm. In light of the current incident, Central Concrete Supply has already implemented additional security measures designed to prevent a recurrence of the breach, and to protect the privacy of Central Concrete Supply's valued employees such as yourself. These additional security measures include, but are not limited to adopting a policy of dual authentication for any transfer of personally identifiable information, conducting additional phishing exercises, and increasing employee cybersecurity training. We have also contacted leaders for the Teamsters Locals 315, 853, 287, Operating Engineers Local 3, Machinists Locals 1101, 1546 regarding the Company's proposal to address this situation and will continue to discuss the response to this security incident and minimize any impact on the Company's employees.

PROACTIVE STEPS YOU SHOULD TAKE TO HELP PROTECT YOUR INFORMATION

FILE YOUR TAX RETURN AS SOON AS POSSIBLE.

The best way to avoid becoming a victim of tax refund fraud is to file your taxes before the fraudsters can. Therefore file your tax return as soon as possible. Additionally, you should complete and mail or fax Form 14039 (available at <https://www.irs.gov/pub/irs-pdf/f14039.pdf>) to the IRS as soon as possible. For further information, please see <https://www.irs.gov/Individuals/Identity-Protection>.

REMAIN VIGILANT FOR THE NEXT 12 TO 24 MONTHS.

Carefully review your credit reports and bank, credit card and other account statements. If you discover unauthorized or suspicious activity on your credit report or by any other means, please call your local police immediately and file an identity theft report and/or obtain a copy of a police report.

ORDER YOUR FREE ANNUAL CREDIT REPORTS.

To order your free annual credit reports, call toll-free 1-877-322-8228, visit www.annualcreditreport.com, or complete the Annual Credit Report Request Form online and mail it to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. Hearing impaired consumers can access the TDD service at 1-800-821-7232. For your free annual credit reports, do not contact the three nationwide consumer reporting agencies individually; they provide this service only through www.annualcreditreport.com.

WHEN YOU RECEIVE YOUR CREDIT REPORTS, REVIEW THEM CAREFULLY.

Once you receive your credit reports, review them carefully. Please look for accounts you did not open or inquiries from creditors that you did not initiate. Verify that all the information is accurate. If you have questions or notice inaccurate information, please call the relevant consumer reporting agency at the telephone number listed on the report.

PLACE A 90-DAY FRAUD ALERT ON YOUR CREDIT FILE.

A fraud alert informs creditors of possible fraudulent activity within your report and lets creditors know to contact you before they open any new accounts in your name or change your existing accounts. Contact any one of the three major credit bureaus listed below to place a fraud alert on your credit file. An initial fraud alert is free and will stay on your credit file for at least 90 days. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts. You may want to renew it after the first 90 days. If you have already filed an identity theft report with your local police department, you should place an extended fraud alert on your credit file. This extended fraud alert is a free service and is valid for 7 years.

A security freeze generally will prevent creditors from accessing your credit file at the three nationwide consumer reporting agencies without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency.
