Dear [REDACTED]:

Re: Notice of Data Breach

Central Valley Meat Co. Inc. and its affiliates is writing to notify you of a recent network event that impacted the security of certain information stored on our company’s network. This letter provides an overview of the event and steps we are taking in response, including offering you complimentary access to credit monitoring services. Enrollment instructions for these complimentary services are included within this letter.

What Happened?

On May 23, 2024, Central Valley Meat identified unusual activity on our computer systems that impacted company operations. We took prompt steps to confirm the security of our systems and initiated a comprehensive investigation to determine the extent of impact to our network. From our investigation, we learned that certain files and folders were taken from our network before our systems were disrupted and rendered inaccessible. After confirming some of the accessed locations included employee information, we commenced a thorough review of the files to determine what information was present and to whom the information related. We completed the review, and subsequent address lookup, on November 26, 2024. While we have no evidence of misuse of any data, we are notifying potentially impacted individuals out of an abundance of caution.

What Information Was Involved?

Our investigation confirmed your name, and Social Security number were contained within HR files taken from our network. We reiterate that we have no indication any information was misused, but we are notifying you so that you may take advantage of the resources we are offering you.

What We Are Doing.

We value the privacy and security of employees’ information. Upon identifying the unusual activity, we commenced a comprehensive investigation into the nature and scope of the event. We reported to federal law enforcement and will cooperate with any investigation. We continue to utilize multi-factor authentication and will continue to assess our policies and procedures already in place for ways to defend against evolving threats.

As an added precaution, we are offering you 12 months of complimentary identity monitoring and protection services through Equifax. More information on the services, and instructions for how to enroll are enclosed.

What You Can Do.

We encourage you to remain vigilant for incidents of fraud or misuse, from any source, by reviewing account statements and monitoring free credit reports for suspicious activity and errors. If you find any errors or unauthorized activity, you should contact your financial institution or the appropriate service provider. You may also file a report with law enforcement, your state attorney general, and/or the Federal Trade Commission. In addition, please refer to the enclosed *Additional Steps to Help Protect Your Information* for resources you may take advantage of to protect your information from misuse, should you find it appropriate to do so.

For More Information.

We understand you may have questions about the event. If you have additional questions, please contact our dedicated assistance line at 855-295-4465, which is available from 6:00 AM to 6:00 PM Pacific Time, Monday through Friday (excluding major U.S. holidays). For English Language Learners (ELL), Spanish speaking bi-lingual agents will be available to assist Spanish speaking callers. You may also contact us at 10431 8 ¾ Avenue, Hanford, CA 93230.

WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded. ²The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services

companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com ⁴The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. ADDITIONAL STEPS TO HELP PROTECT YOUR INFORMATION

Review Personal Account Statements and Credit Reports. We recommend that you remain vigilant by reviewing personal account statements and monitoring credit reports to detect any errors or unauthorized activity. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call (877) 322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months. If you discover any suspicious items, you should report any incorrect information on your report to the credit reporting agency. Report Suspected Fraud. You have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You should report suspected incidents of identity theft to local law enforcement, your state's Attorney General, and/or the Federal Trade Commission.

Place Fraud Alerts. A fraud alert tells businesses that check your credit that they should check with you before opening a new account. Starting September 21, 2018, when you place a fraud alert, it will last one year, instead of 90 days. Fraud alerts will still be free and identity theft victims can still get an extended fraud alert for seven years. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. To place a fraud alert, contact the nationwide credit reporting agencies by phone or online. For more information, visit <https://www.consumer.ftc.gov/articles/0275-place-fraud-alert>.

Place a Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. Starting September 21, 2018, you can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too. To place a security freeze, contact the nationwide credit reporting agencies by phone or online. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee. Also, do not confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock. For more information, visit <https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>.
