Dear <<Name 1>>:

Dominion National is committed to protecting the privacy of the information we maintain. We are writing to inform you that we recently identified and addressed a data security incident that may have involved your information. We have no evidence that any of your information was in fact accessed, acquired, or misused, but we want you to know that this incident occurred. This notice explains the incident, measures we have taken, and some steps you may want to take in response.

On April 24, 2019, through our investigation of an internal alert, with the assistance of a leading cyber security firm, we determined that an unauthorized party may have accessed some of our computer servers. The unauthorized access may have occurred as early as August 25, 2010. After learning of this, we moved quickly to clean the affected servers and implement enhanced monitoring and alerting software. We also contacted the FBI and will continue to work with them during their investigation.

We have undertaken a comprehensive review of the data stored or potentially accessible from those computer servers and have determined that the data may include enrollment and demographic information for current and former members of Dominion National and Avalon vision. The information may include your name, address, email address, date of birth, Social Security number, member ID number, group number, and subscriber number. If you enrolled online through Dominion National’s website, your bank account and routing numbers may have also been included in the data.

As a precaution, we have secured the services of ID Experts® to offer you a complimentary two-year membership to ID Experts MyIDCare™, which includes credit monitoring and fraud protection services. MyIDCare is completely free to you and enrolling in this program will not hurt your credit score. For more information on MyIDCare, including instructions on how to activate your complimentary two-year membership, as well as some additional steps you can take in response to this incident, please see the pages that follow this letter.

We encourage you to remain vigilant for incidents of fraud by monitoring your insurance statements and explanations of benefits. If you see services on your insurance statements or explanations of benefits that you did not receive, please call the member/customer services number on your member ID card. We also recommend that you monitor your financial account statements. If you see charges or activity you did not authorize, please contact your financial institution immediately.

We regret any inconvenience or concern this may cause you. We are committed to improving and maintaining your confidence in us. If you have any questions, please visit our website at DominionNationalFacts.com or call our dedicated incident response line at 877-503-8923. TTY/TDD users can call 844-261-6819. The dedicated incident response line is open Monday through Friday, 8:00 a.m. to 8:00 p.m., Eastern Time.

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

- *Federal Trade Commission*, Consumer Response Centre, 600 Pennsylvania Avenue NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft)

**If you are a resident of Connecticut, Maryland, Massachusetts, North Carolina, or Rhode Island**, you may contact and obtain information from your state attorney general at:

- *Connecticut Attorney General's Office*, 55 Elm Street, Hartford, CT 06106, 1-860-808-5318, [www.ct.gov/ag](http://www.ct.gov/ag)

**If you are a resident of Massachusetts or Rhode Island**, note that pursuant to Massachusetts or Rhode Island law, you have the right to file and obtain a copy of a police report. You also have the right to request a security freeze.

**If you are a resident of West Virginia**, you have the right to ask that nationwide consumer reporting agencies place "fraud alerts" in your file to let potential creditors and others know that you may be a victim of identity theft, as described below. You also have a right to place a security freeze on your credit report, as described below.

**Fraud Alerts:** There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

**Credit Freezes:** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, so that no new credit can be opened in your name without the use of a PIN that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit.

There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company.

For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number
3. Date of birth
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years
5. Proof of current address such as a current utility bill or telephone bill
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five business days and provide you with a unique personal identification number ("PIN") or password or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, or to lift a security freeze for a specified period of time, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to the credit reporting agencies and include proper identification (name, address, and Social Security number) and the PIN or password provided to you when you placed the security freeze as well as the identity of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to each of the three credit bureaus and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to remove the security freeze.

**A Summary of Your Rights Under the Fair Credit Reporting Act:** The federal Fair Credit Reporting Act (FCRA) promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. There are many types of consumer reporting agencies, including credit bureaus and specialty agencies (such as agencies that sell information about check writing histories, medical records, and rental history records). Here is a summary of your major rights under FCRA.

- You must be told if information in your file has been used against you.
- You have the right to know what is in your file.
- You have the right to ask for a credit score.
- You have the right to dispute incomplete or inaccurate information.
- Consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information.

- Access to your file is limited.
- You must give your consent for reports to be provided to employers.

- You have a right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization.
- You may seek damages from violators.
- Identity theft victims and active duty military personnel have additional rights.

You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

**Fraud Alerts:** There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

**Credit Freezes:** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, so that no new credit can be opened in your name without the use of a PIN that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit.

There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company.

For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five business days and provide you with a unique personal identification number ("PIN") or password or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, or to lift a security freeze for a specified period of time, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to the credit reporting agencies and include proper identification (name, address, and Social Security number) and the PIN or password provided to you when you placed the security freeze as well as the identity of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to each of the three credit bureaus and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to remove the security freeze.
