Dear Sample A. Sample:

I am the Chief Privacy Official for Blue Shield of California (Blue Shield). It is my job to help protect the privacy of our members' protected health information and to investigate any incident where a member's protected health information may have been improperly accessed, used or disclosed in violation of the Health Insurance Portability and Accountability Act (HIPAA) and other privacy laws. I am writing to notify you about a privacy incident that may have impacted your protected health information. Please accept our sincere apologies for any concern this may cause you.

WHAT HAPPENED

On August 27, 2021, Blue Shield learned that on August 25, 2021, a Blue Shield broker, Team Alvarez, detected unusual network activity. We learned on October 13, 2021 that an unauthorized person may have improperly gained access to Team Alvarez systems through a ransomware attack.

Team Alvarez immediately terminated the unauthorized access on August 25, 2021 and began an investigation into the matter. The investigation revealed that the unauthorized user may have had potential access to members' enrollment forms. We are unable to confirm if the unauthorized user accessed, used, collected, transferred or downloaded this information. However, out of an abundance of caution, Blue Shield is notifying you of this incident.

WHAT INFORMATION WAS INVOLVED

Your protected health information that may have been accessed included your name, address, phone number, email address, date of birth, gender, subscriber ID number, policy effective date, emergency contact information, authorized representative or power of attorney information, and broker information.

There was no access to other types of your protected health information, such as your Social Security number, driver's license number, or banking or credit card information.

WHAT WE ARE DOING

Blue Shield takes this incident very seriously. We are committed to maintaining your privacy. Team Alvarez immediately disconnected affected servers from existing networks and changed all station passwords. Reviews of existing firewall configuration and security scans for existing infrastructure have been completed. Team Alvarez is in the process of rebuilding infrastructure and servers, in a clean environment on new servers.

To help protect your identity, Blue Shield is offering you complimentary access to Experian IdentityWorksSM for one year.

If you believe there was fraudulent use of your information as a result of this incident and would like to discuss how you may be able to resolve those issues, please reach out to an Experian agent. If, after discussing your situation with the agent, it is determined that identity restoration support is needed, an Experian Identity Restoration agent will be available to work with you to investigate and resolve each incident of fraud that occurred from the date of the incident (including, as appropriate, helping you with contacting credit grantors to dispute charges and close accounts; assisting you in placing a freeze on your credit file with the three major credit bureaus; and assisting you with contacting government agencies to help restore your identity to its proper condition).

Please note that Identity Restoration is available to you for one year from the date of this letter and does not require any action on your part at this time. The Terms and Conditions for this offer are located at www.ExperianIDWorks.com/restoration.

While identity restoration assistance is immediately available to you, we also encourage you to activate the fraud detection tools available through Experian IdentityWorks as a complimentary one-year membership. This product provides you with superior identity detection and resolution of identity theft. To start monitoring your personal information, please follow the steps below:
