Dear John Sample,

SterlingBackcheck provides background screening services to clients throughout the world, including to a client with which you recently applied for employment. As part of your application process, we received personal information relating to you, including your name, Social Security number, and date of birth. We recently discovered an incident that may affect the security of this personal information. While we are unaware of any actual or attempted misuse of this information, we are writing to provide you with information regarding the incident, steps we've taken since discovering the incident, and information on what you can do to better protect against identity theft and fraud should you feel it is appropriate to do so.

What Happened? On May 29, 2015, a password-protected laptop was stolen from a SterlingBackcheck employee's vehicle. The employee reported the theft to our office, and we launched an investigation to determine what information may have been stored on the laptop at the time of the theft. While our investigation is ongoing, we've determined a file containing your name, Social Security number, and date of birth may have been stored on the laptop at the time of the theft. **We are unaware of any actual or attempted misuse of this information, and there is no indication the data that may have been stored on the laptop was the target of the theft.**

What is SterlingBackcheck Doing? We take the security of your personal information seriously. In addition to launching the ongoing investigation into this incident, we have implemented additional measures to mitigate against the risk that an incident like this will happen again by updating our encryption and audit procedures, revising our equipment custody protocols, retraining employees on privacy and data security, and installing remote-wipe software on portable devices.

In addition to the steps above, we've provided notice of this incident to our potentially impacted clients and are coordinating with these clients to disclose this incident to its potentially impacted candidates and provide potentially impacted candidates with complimentary access to 24 months of free credit monitoring and identity restoration services with AllClear ID. The enclosed Privacy Safeguards Information contains instructions on how to enroll and receive these complimentary services, as well as additional information that can be used to better protect against identity theft and fraud. We are also providing notice of this incident to certain state regulators and consumer reporting agencies, as required.

What Can You Do? You can review the enclosed Privacy Safeguards Information. You can also enroll to receive the complimentary access to 24 free months of credit monitoring and identity restoration services. You can also contact the confidential inquiry line we've established relating to this incident. This confidential inquiry line is staffed with professionals familiar with this incident and knowledgeable

on what you can do to better protect against misuse of your information. This confidential inquiry line is available Monday through Saturday, 8:00 am – 8:00 pm Central Time, at 1-855-227-9823.

SterlingBackcheck takes your privacy and the security of your information seriously and sincerely regrets any inconvenience or concern this incident has caused you.

Sincerely,

A handwritten signature in cursive script that reads "Clare Hart". The signature is written in black ink on a light-colored background.

PRIVACY SAFEGUARDS INFORMATION

To help detect the possible misuse of your information, we have arranged to have AllClear ID protect your identity for 24 months at no cost to you. The following identity protection services start on the date of this notice and you can use them at any time during the next 24 months.

AllClear SECURE: The team at AllClear ID is ready and standing by if you need identity repair assistance. This service is automatically available to you with no enrollment required. If a problem arises, simply call 1-855-227-9823 and a dedicated investigator will do the work to recover financial losses, restore your credit and make sure your identity is returned to its proper condition.

AllClear PRO: This service offers additional layers of protection including credit monitoring and a \$1 million identity theft insurance policy. To use the PRO service, you will need to provide your personal information to AllClear ID. You may sign up online at enroll.allclearid.com or by phone by calling 1-855-227-9823 using the following redemption code: Redemption Code.

Please note: Additional steps may be required by you in order to activate your phone alerts.

You may also take action directly to further protect against possible identity theft or other financial loss. We encourage you to remain vigilant for incidents of fraud and identity theft by reviewing your account statements regularly and monitoring your credit reports for suspicious activity. Under U.S law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

At no charge, you can also have these credit bureaus place a “fraud alert” on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any question regarding your credit report, please contact any one of the agencies listed below:

Equifax

You may also place a security freeze on your credit reports. A security freeze prohibits a credit bureau from releasing any information from a consumer’s credit report without the consumer’s written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services.

If you have been a victim of identity theft, and you provide the credit bureau with a valid police report, it cannot charge you to place, list or remove a security freeze. In all other cases, a credit bureau may charge you a fee to place, temporarily lift, or permanently remove a security freeze. You will need to place a security freeze separately with each of the three major credit bureaus listed above if you wish to place a freeze on all of your credit files.

To find out more on how to place a security freeze, you can use the following contact information:
