NOTICE OF DATA BREACH

Dear Sample A. Sample,

At Progressive, we take protecting your personal information very seriously and regret to inform you that a recent security incident may have affected the privacy of some of your information. We want you to understand what happened and the steps we've taken to address the situation. This letter includes instructions for enrolling in complimentary credit monitoring and identity restoration services and steps you can take to protect your personal information.

What Happened

To help handle the volume of customer calls Progressive receives, we use third-party call center providers at times. On May 19, 2023, we received written notification from one of our third-party service providers regarding an incident involving some of its call center representatives. We subsequently learned that some of the third-party service provider's employees improperly shared their Progressive access credentials with unauthorized individuals who performed the employees' call center job duties. This gave the unauthorized individuals access to certain personal information for some of our customers. Based on information from the third-party service provider, the earliest date of employment of any of the potentially involved employees by the third-party service provider was May 2021, but most were hired during or after the fall of 2022.

Upon discovery, Progressive launched a comprehensive investigation and extensive analysis to determine what customer information the unauthorized individuals may have accessed. The third-party service provider informed us that it also conducted an extensive investigation and notified law enforcement.

What Information Was Involved

Based on the investigations, we determined that some of your personal information may have been visible to the unauthorized individual(s), including your name, address, driver's license number, email address, phone number, [Extra1], [Extra2], [Extra3], and date of birth.

What We Are Doing

Once the third-party service provider became aware of the issue, it and Progressive promptly took steps to block the unauthorized access. Progressive also is working with its third-party service providers to help protect against similar incidents in the future.

The third-party service provider informed us it has not identified any evidence at this time that would indicate that the unauthorized individuals used their positions or their work as part of an effort to commit identity theft. However, we want you to feel secure. As a precaution and to help protect your identity, we have secured the services of Experian to provide credit and identity monitoring at no cost to you, as described in this letter.

What You Can Do

The “Additional Resources” section below describes additional steps you can take to help protect your information. It includes recommendations from the Federal Trade Commission regarding identity theft protection and details on how to place a fraud alert or a security freeze on your credit file.

On behalf of Progressive, we apologize for any inconvenience or concern this may have caused. We appreciate your business. If you have any questions concerning this incident, please contact 833-312-0815 from Monday through Friday 8 am – 10 pm CST, Saturday and Sunday 10 am – 7 pm CST (excluding major U.S. holidays).

Sincerely,

The Progressive Group of Insurance Companies

ADDITIONAL RESOURCES

Order Your Free Credit Report: To order your free annual credit report, visit www.annualcreditreport.com, call toll-free at (877) 322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's (FTC) website at www.ftc.gov and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

The three credit bureaus (Equifax, Experian, and TransUnion) provide free annual credit reports only through the website, toll-free number, or request form. You may also purchase a copy of your credit report by contacting any of the credit reporting agencies below:

Equifax	www.equifax.com	(800) 685-1111
Experian	www.experian.com	(888) 397-3742
TransUnion	www.transunion.com	(800) 916-8800

Upon receiving your credit report, review it carefully. Errors may be a warning sign of possible identity theft. Here are a few tips of what to look for:

- Look for accounts you did not open.
- Look in the "inquiries" section for names of creditors from whom you have not requested credit. Some companies bill under names other than their store or commercial names; the credit bureau will be able to tell if this is the case.
- Look in the "personal information" section for any inaccuracies in information (such as home address and Social Security Number).

If you see anything you do not understand, call the credit bureau at the telephone number on the report. You should notify the credit bureaus of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected. If there are accounts or charges you did not authorize, immediately notify the appropriate credit bureau by telephone and in writing. Information that cannot be explained should also be reported to your local police or sheriff's office because it may signal criminal activity.

We encourage you to take advantage of these protections and remain vigilant for incidents of fraud and identity theft, including regularly reviewing and monitoring your credit reports and account statements.

Placing a Security Freeze

You have a right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit.

You can place, temporarily lift, or permanently remove a security freeze on your credit report online, by phone, or by mail. You will need to provide certain personal information, such as address, date of birth, and Social Security number to request a security freeze and may be provided with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze. Information on how to place a security freeze with the credit reporting agencies is also contained in the links below:

Placing a Fraud Alert

To protect yourself from possible identity theft, you have the right to place an initial or extended fraud alert on your credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. You may obtain additional information from the FTC and the credit reporting agencies listed above about placing a fraud alert and/or security freeze on your credit report.
