NOTICE OF DATA BREACH

Dear <<Name 1>>:

Far Niente Winery (“Far Niente”) understands the importance of protecting personal information. We are writing to inform you that we recently identified and addressed a security incident that involved your personal information. This notice explains the incident, measures we have taken, and some steps you can take in response.

What Happened?

On August 21, 2017, files on Far Niente’s computers were encrypted by an individual who gained unauthorized access to Far Niente’s computer network. The individual demanded a ransom in exchange for restoring access to the encrypted files. We immediately began an investigation and retained a leading computer forensic firm to help us. The forensic firm determined on August 21, 2017, that the unauthorized person may have had access to our computer network for several hours before encrypting our computer files. We terminated the unauthorized access and restored the encrypted files with unaffected back-up files. We did not pay the ransom demanded by the individual.

What Information Was Involved?

We have no evidence that the unauthorized person viewed or obtained any information that was stored on our computer network. However, your name, address, and Social Security number were included in a document on the network.

What We Are Doing.

Out of an abundance of caution we are offering a complimentary one-year membership of Experian’s® IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft.
