### **Notice of Data Breach**

### Dear <</First Name>> <<Last Name>>,

I wanted to let you know about a potential data security incident experienced by Gonzalez CPA that may have impacted your personal information. I value and respect the privacy of your information, and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information, and resources I am making available to help you.

### What happened?

Beginning in March 2020, I learned that a limited number of my clients had experienced fraudulent tax filings. Upon learning of this fraud, I hired an independent computer forensic investigator to determine if there was a compromise of my network. To date, the forensic investigators have found no suspicious activity on my systems. We have asked our tax software provider to launch their own investigation as well. Our forensic investigation is ongoing, and I don't yet know whether any of your information was compromised, but I wanted to let you know before the investigation is complete so you can take steps to protect yourself.

### What Information was involved?

Information that may be affected includes your tax return information, such as your name, address, Social Security number, bank account number if you provided that to me, and other tax related information.

#### What we are doing:

While the investigation is ongoing, I have arranged for you to receive credit monitoring and identity protection services at no cost to you provided by MyIDCare<sup>TM</sup> powered by ID Experts for 12 months.

### What you can do:

We encourage you to contact ID Experts with any questions and to enroll in free MyIDCare services by calling 1-800-939-4170 or going to <u>https://app.myidcare.com/account-creation/protect</u> and using the Enrollment Code provided above. MyIDCare experts are available Monday through Friday from 8 am - 8 pm Central Time. Please note the deadline to enroll is September 11, 2020.

# How to Enroll: You can sign up online or via telephone.

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

If you received a fraudulent deposit from the IRS into your bank account, the IRS has recommended the following:

- 1. Do not spend this money, as it must be returned to the IRS.
- 2. Contact your bank's fraud department and let them know that the money was deposited as a result of a fraudulent tax filing, and that the deposit should be reversed as soon as possible.
- 3. Do not return the money by check. The most reliable way for the money to be returned and credited to you is to instruct your bank to reverse the deposit.
- 4. If you have any issues with your bank and the return of the money, please contact me.

Additionally, if you know or suspect you are a victim of tax-related identity theft, the IRS recommends the following steps:

- Respond immediately to any IRS written notice. The IRS will not contact you via phone.
- If you received a Letter 4883C from the IRS indicating that they received a suspicious tax return with your name on it, you should follow the instructions on that letter to verify your identity with the IRS. Once you verify your identity, you can advise the IRS that you did not file the suspicious tax return. Additionally, you may be asked to file a paper return for the current filing season.
- If you believe you may be a victim of tax fraud but have not received a Letter 4883C from the IRS, you should fill out and submit IRS Form 14039, which is available at IRS.gov. I can provide you with a copy of that form and assist you with filling it out if you would like. If you plan on filing on extension, please contact me for more information.

If you previously contacted the IRS and did not have a resolution, contact the IRS for specialized assistance at 1-800-908-4490. The IRS has teams available to assist. You should also visit <u>https://www.irs.gov/individuals/how-irs-id-theft-victim-assistance-works</u> for more information.

The security of your information is of the utmost importance to me. Once the forensic investigation is completed, I will be working closely with the investigators to identify additional security measures to further enhance the security of my system.

# **Other important information:**

If you have any questions or concerns, please call 1-800-939-4170 Monday through Friday, 8 am - 8 pm Central Time. Your trust is a top priority for me, and I deeply regret any inconvenience or concern that this matter may cause you.

Sincerely,

John Gonzalez, CPA

## **Recommended Steps to Help Protect Your Information**

**1. Website and Enrollment.** Go to <u>https://app.myidcare.com/account-creation/protect</u> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

**2.** Activate the credit monitoring provided as part of your MyIDCare membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, MyIDCare will be able to assist you.

**3. Telephone.** Contact MyIDCare at 1-800-939-4170 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

**4. Review your credit reports**. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to <u>www.annualcreditreport.com</u> or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in MyIDCare, notify them immediately by calling or by logging into the MyIDCare website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identify theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

**5.** Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

### **Credit Bureaus**

Equifax Fraud Reporting	Experian Fraud Reporting	TransUnion Fraud Reporting
1-866-349-5191	1-888-397-3742	1-800-680-7289
P.O. Box 105069	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348-5069	Allen, TX 75013	Chester, PA 19022-2000
www.alerts.equifax.com	www.experian.com	www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

**6.** Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

**7. You can obtain additional information** about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

**California Residents:** Visit the California Office of Privacy Protection (<u>http://www.ca.gov/Privacy</u>) for additional information on protection against identity theft.

**Kentucky Residents:** Office of the Attorney General of Kentucky, 700 Capitol Avenue, Suite 118 Frankfort, Kentucky 40601, <u>www.ag.ky.gov</u>, Telephone: 1-502-696-5300.
