### Notice of Data Breach

Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

Human Investing recognizes the importance of protecting personal information. We are writing to inform you of an incident that may have involved some of your information. This notice explains the incident, measures we have taken, and provides additional steps you may consider taking in response.

#### What Happened?

We discovered unauthorized access to a single Human Investing employee's email account. Upon discovery of the incident, we immediately took steps to secure the email account, began an investigation, and a cybersecurity firm was engaged to assist. The investigation determined that an unauthorized actor gained access to one email account on July 20, 2022. The investigation was unable to determine whether any emails or attachments were viewed by the unauthorized party. Therefore, we reviewed the contents of the email account.

#### What Information Was Involved?

After a thorough review, we determined on October 25, 2022, that an email or attachment in the account included your name and one or more of the following: <<b2b\_text\_1 (data elements)>>.

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

- *Federal Trade Commission*, Consumer Response Center, 600 Pennsylvania Avenue NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft)

### **Fraud Alerts and Credit or Security Freezes:**

***Fraud Alerts:*** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years unless you ask them not to.

***Credit or Security Freezes:*** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

***How do I place a freeze on my credit reports?*** There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

***How do I lift a freeze?*** A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.

## **TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES**

You have been provided with access to the following services from Kroll:

### **Triple Bureau Credit Monitoring**

You will receive alerts when there are changes to your credit data at any of the three national credit bureaus—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

### **Fraud Consultation**

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

### **Identity Theft Restoration**

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.
