NOTICE OF DATA BREACH

Dear <<MemberFirstName>> <<MemberLastName>>,

At the International Council of Shopping Centers (ICSC), we value our members and understand the importance of protecting personal information. We are writing to inform you that we recently identified and addressed a security incident that may have involved your payment card information. This notice serves to describe the incident, outline the measures we have taken in response, and advise you on steps you can take to further protect your information.

What Happened?

On August 18, 2017, we received a report regarding payment card activity that caused us to investigate and subsequently identify unauthorized computer code that was added to the code that operates the checkout page of www.icsc.org. We immediately removed the code and hired a leading cybersecurity firm. Findings from the investigation indicate that the code may have been present and capable of capturing information entered during the checkout process from March 24, 2017 to August 18, 2017.

What Information Was Involved?

The information on the checkout page that the code could have potentially accessed includes name, address, phone number, email address, payment card number, expiration date, and card security code (CVV). We are notifying you because your <<ClientDef1(payment card(s) ending in [XXXX])(, [XXXX],... and [XXXX]) was (were)>> entered on the checkout page during the relevant time period.

What We Are Doing.

We take the security of our members' and customers' personal information very seriously. Once we learned of this incident, we took immediate action including removing the code, initiating an internal review, engaging independent forensic experts to assist us in the investigation and remediation of our systems, and notifying the payment card networks. To help prevent this type of incident from happening again, we are continuing to take steps to strengthen the security of our website and establish safeguards to detect and prevent security incidents in the future.

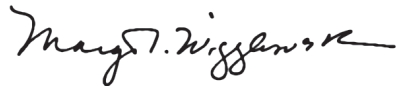

What You Can Do.

We remind you to remain vigilant to the possibility of fraud by reviewing your account statements for any unauthorized activity. You should immediately report any unauthorized charges to your financial institution because the payment card network rules generally state that cardholders are not responsible for fraudulent charges that are timely reported. You should also review the additional information on the following page.

For More Information.

We regret that this incident occurred and apologize for any inconvenience. If you have questions, please call 1-833-202-7409, Monday through Friday from 6:00 a.m. to 3:00 p.m. Pacific Time.

Sincerely,

A handwritten signature in black ink that reads "Margaret Wigglesworth". The signature is written in a cursive style with a long horizontal flourish at the end.
