Re: Notice of Data Breach

Dear [redacted]:

LKQ Corporation ("LKQ") is writing to you regarding a cybersecurity event. Please read this notice carefully, as it provides up to date information on what happened and what we are doing, as well as information on how you can obtain complimentary credit monitoring and identity restoration services.

What happened?

Recently, Oracle announced a number of security vulnerabilities, including a previously unknown vulnerability in its E-Business Suite application, which is used by LKQ and many other organizations worldwide. In early October, our security team became aware of a third party exploiting these vulnerabilities.

We launched an investigation on October 3, 2025 with assistance from a third-party forensic firm and took steps to contain the issue, including promptly taking the system offline. There is no evidence of impact to LKQ's systems beyond the Oracle E-Business Suite environment.

What information was involved?

LKQ has been analyzing the impacted data to determine if it contained personal information and to whom that information belonged. This analysis has been time consuming. We completed this process December 1, 2025, and are providing you notice because our records indicate that you are a sole proprietor supplier of LKQ and your Employer Identification Number or Social Security number was impacted.

What we are doing:

LKQ took steps to deploy additional safeguards onto our systems, including reinforcing our security practices, and enhancing security monitoring and controls to fortify the same. And, as part of our ongoing security operations, we regularly review our security and privacy policies and procedures and implement changes when needed to enhance our information security program and controls.

LKQ is committed to safeguarding confidential and sensitive information. LKQ is offering two years of complimentary credit monitoring and identity restoration services through our preferred third-party vendor, Cyberscout, a TransUnion company. MORE INFORMATION ABOUT IDENTITY PROTECTION

INFORMATION ON OBTAINING A FREE CREDIT REPORT

U.S. residents are entitled under U.S. law to one free credit report annually from each of the three major credit bureaus. To order your free credit reports, visit www.annualcreditreport.com or call toll-free (877) 322-8228.

INFORMATION ON IMPLEMENTING A FRAUD ALERT OR SECURITY FREEZE

You can contact the three major credit bureaus at the addresses below to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit. Although this may cause some short delay if you are the one applying for the credit, it might protect against someone else obtaining credit in your name.

A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services. A credit reporting agency may not charge you to place, temporarily lift, or permanently remove a security freeze.

To place a fraud alert or security freeze on your credit report, you must contact the three credit bureaus below:

P.O. Box 740256	P.O. Box 9554	P.O. Box 2000

To request a security freeze, you will need to provide the following information:
