Re: Notice of Data Security Breach

Dear [REDACTED],

La Perouse, LLC writes to inform you of a recent cybersecurity event that may have impacted the security of your personal information. La Perouse was in possession of your information because it handles patient billing services for [REDACTED], which you previously received treatment from. While we are unaware of any misuse of your personal information as a result of this event, we are providing you with details about what happened, our response, and resources available to you and additional guidance to help you further protect your personal information should you wish to do so.

What Happened?

On July 8, 2025, we became aware of potential unauthorized access to one of our third-party billing platforms. We use third-party platform applications to perform various services, including patient billing. Upon becoming aware of this, we immediately began working to ensure the security of our own network environment and promptly engaged cybersecurity specialists to conduct a forensic investigation into the nature and scope of this event. The investigation determined that an unauthorized party had gained access to an account within the billing platform and, during that time, copied files stored on the platform. There was no unauthorized access or impact to our own network environment.

Based on the investigative findings, we diligently reviewed the potentially impacted files to identify and catalog the types of information present within them and any individuals to whom the information related. We completed our review and finalized the list of individuals to notify on April 17, 2026.

What Information Was Involved?

Our review found that your name and the following types of personal information relating to you were present within the copied files: [REDACTED]

What We Are Doing.

We take this event seriously and the privacy, security, and confidentiality of information in our care are among our highest priorities. Upon becoming aware of the event, we moved quickly to promptly investigate and respond to the event. Specifically, we took steps to confirm the security of our own systems, to understand the event's impact and notify affected individuals, and worked with our third-party billing platform to ensure that any additional technical safeguards, enhanced security measures, and updated policies and procedures were implemented to mitigate against the risk of future issues. We are notifying potentially affected individuals, including you, so that you may take further steps to best protect your information, should you feel it is necessary to do so.

In light of the event, we are also providing you with access to **Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score** services at no charge. These services provide you with alerts for 12 months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout, a TransUnion company specializing in fraud assistance and remediation services. While La Perouse is covering the cost of these services, you will need to complete the activation process yourself.

What You Can Do.

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, to monitor your credit reports for suspicious or unauthorized activity, and to report any suspicious activity promptly to your bank, credit card company, or other applicable institution. Steps You Can Take To Help Protect Personal Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at www.consumer.ftc.gov/articles/0155-free-credit-reports) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; (5) proof of current address (such as a copy of a government-issued identification card, a recent utility bill, or bank or insurance statement); and (6) other personal information as required by the applicable credit reporting agency. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348

TransUnion Security Freeze

P.O. Box 160
Woodlyn, PA 19094

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (www.transunion.com/fraud-alerts); or
- Experian (www.experian.com/fraud/center.html).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. Initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are above.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. Instances of known or suspected identity theft should also be reported to law enforcement or to the Attorney General's office in your home jurisdiction. This notice has not been delayed by law enforcement.

FTC and Attorneys General: You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission can be reached at:
