Notice of Data Breach

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

We're writing to make you aware of a cyber incident involving a third-party vendor that stores membership data for the Marines' Memorial Association & Foundation, Blackbaud, Inc. ("Blackbaud"). Blackbaud is a cloud computing provider that offers customer relationship management and financial services tools to organizations, including Marines' Memorial. Upon receiving notice of the cyber incident, we immediately commenced an investigation to better understand the nature and scope of the incident and any impact it had on the data of our members, donors and guests. This notice provides information about the Blackbaud incident, our response, and resources available to you to help protect your information from possible misuse, should you feel it necessary to do so.

What Happened? Blackbaud reported that, in May 2020, it experienced a ransomware incident that resulted in encryption of certain Blackbaud systems. Blackbaud notified law enforcement and worked with forensic investigators to determine the nature and scope of the incident. After the completion of its investigation, Blackbaud informed its customers, including Marines' Memorial, that an unknown actor may have accessed or acquired certain Blackbaud customer data. Blackbaud reported that the data was exfiltrated at some point before Blackbaud locked the threat actor out of the environment on May 20, 2020. Upon receiving the notification of the Blackbaud incident on July 16, 2020, Marines' Memorial immediately commenced our own investigation to determine what, if any, sensitive Marines' Memorial data was potentially involved. This investigation included working with forensic investigators to gather further information from Blackbaud to understand the scope of the incident. Marines' Memorial obtained a list of potentially impacted individuals on January 27, 2021.

What Information Was Involved? Our investigation determined that the information included in the involved Blackbaud systems contained your: <<b2b_text_1(DataElements)>>. Please note that, to date, we have not received confirmation from Blackbaud that your specific information was viewed by an unauthorized individual.

What We Are Doing. This incident occurred through our third-party vendor, Blackbaud, and affected all of their corporate clients, including Marines' Memorial. This was not a compromise of Marines' Memorial's internal systems. However, as part of our ongoing commitment to the security of information in our care, we are diligently reviewing our existing policies and procedures regarding programs and services provided by our third-party vendors. Specifically, we are working with Blackbaud to confirm they have implemented additional measures and safeguards to protect against this type of incident in the future. Due to the type of information which may have been accessed, we will also be notifying state regulators, as required.

The confidentiality, privacy, and security of members', donors' and guests' information in our care are among our highest priorities, and we take this incident very seriously. To alleviate any concerns that you may have, Marines' Memorial is offering you access to 1 year of complimentary credit monitoring and identity protection services through Experian at no cost to you. Instructions on how to enroll in the credit monitoring and identity protection services may be found in the enclosed *Steps You Can Take to Help Protect Your Information*.

What Can You Do? We encourage you to review the enclosed *Steps You Can Take to Help Protect Your Information*. There you will find general information on what you can do to help protect your personal information.

We understand that you may also have additional concerns about the incident at Blackbaud which are not addressed in this letter. If you have additional questions or need further assistance, please contact the call center at [1-800-368-7777](tel:1-800-368-7777) which has been set up specifically for this purpose. The call center is open Monday through Friday between the hours of 6:00 am and 3:30 pm Pacific Standard Time. Please note: the call center staff is only able to answer questions specific to the Blackbaud incident. They are unable to respond to requests on other topics such as MMA memberships, status of re-opening the Club & Hotel, future member events, etc. For these types of questions, we invite you to contact the Membership Department at Member@marinesmemorial.org and we will be happy to assist you.

On behalf of the entire Marines' Memorial staff, we sincerely apologize for this incident with our vendor. Blackbaud has committed to greater transparency with their customers regarding significant investments in and improvements to their cyber security program. We at Marines' Memorial will continue to evaluate, monitor, and update all information systems and cyber protection tools.

Sincerely,

Marines' Memorial Association & Foundation

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
