RE: NOTICE OF DATA BREACH

Dear **MEMBER NAME**,

We are writing to notify you about a privacy incident that may have impacted your protected health information. Please accept our sincere apologies for any concern this may cause you. Blue Shield of California (Blue Shield) takes this matter very seriously.

WHAT HAPPENED

On May 22, 2025, Blue Shield learned that a broker with Harmon Insurance Services recently passed away. Subsequently, we learned that the late broker's husband accessed her online client list, following her death and he asked a friend, who is a broker, to assist her clients.

Additionally, a former employee of the late broker may also have accessed the client list and client applications. We understand that these events took place between March 25, 2025 and May 22, 2025.

Upon learning of this information, we immediately terminated access to the late broker's online client information. We do not have any evidence that the unauthorized users used, collected, transferred, or downloaded this information. However, out of an abundance of caution, Blue Shield is notifying you of this incident.

WHAT INFORMATION WAS INVOLVED

Your protected health information that may have been involved included your name, member ID number, Social Security Number, date of birth, address, phone number, group ID number, and Medicare number.

There was no access to other types of your protected health information, such as your driver's license number, or credit card or any other financial information was also not involved.

WHAT WE ARE DOING

Blue Shield takes this incident very seriously and we are committed to maintaining your privacy. We are also enhancing our procedures related to broker termination and third-party access management.
