Re: Notice of Data Incident – Update

Dear Attorney General Becerra:

We represent Miller Kaplan Arase LLP (“MKA”), located in North Hollywood, California. We previously notified your office on July 10, 2019 of a data security incident involving MKA that may have impacted the personal information of California residents. MKA provided notification of the data security incident on July 10, 2019 via the attached letter to 7,079 individuals known to be California residents based on address information available to MKA at that time.

MKA received further address information from certain of its benefit plan clients related to an additional 363 California residents following its initial notification efforts. Accordingly, MKA is in the process of notifying these additional residents of the incident. Specifically, 181 California residents were notified of the data security incident on August 20, 2019 and the remaining 182 residents were notified on September 10, 2019.

Please contact me should you have any questions.

Sincerely,

Alyssa R. Watzman of
LEWIS BRISBOIS BISGAARD & SMITH LLP
