Subject: Notice of Data Breach

Dear <<MemberFirstName>> <<MemberLastName>>,

I hope this letter finds you well. I am writing to inform you of an unfortunate theft at our secured storage unit. On August 11, 2016 we discovered that we were the victims of the theft of a password protected server that contained your personal information. To date, we are unaware of any actual misuse of your information stemming from this incident. We take the privacy and security of your information very seriously. This is why I am contacting you, offering you credit monitoring and identity protection services, and informing you about steps that can be taken to protect your personal information.

What happened? Someone broke into our locked storage unit, which was within a gated storage facility, and stole a password-protected server. Upon discovery of the theft, we promptly notified the Napa Police Department and will provide whatever cooperation is necessary to identify the perpetrator(s) and hold them accountable. On September 8, 2016, we confirmed that your personal information may have been on the server. In December 2012, Dr. Justin Newberry, DDS, purchased Napa Valley Dentistry, including this server, from Dr. C. Michael Quinn, DDS. The server may therefore contain personal information of Dr. Quinn's former patients who may not currently have a relationship with Napa Valley Dentistry. While there is no indication that your personal information was, in fact, accessed without authorization, we are notifying you out of an abundance of caution and offering you identity protection services.

What information was involved? The information included names, addresses, dates of birth, Social Security numbers and dental insurance information.

What Are We Doing? We are notifying you of the incident, providing information about steps you can take to protect your personal information, and offering credit monitoring and identity protection services for 12 months at no cost to you. We also notified the Napa Police Department, and will provide whatever cooperation is necessary to protect your information and hold the perpetrator(s) accountable. We have also terminated our relationship with the storage facility from which the theft occurred. We are also in the process of reviewing our information security practices with the goal of making it more difficult for a similar incident to occur in the future.

Fraud Alerts: There are two types of fraud alerts that you can place on your credit report to put your creditors on notice that you may be a victim of fraud: an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by calling the toll-free fraud number of any of the three national consumer reporting agencies listed below:

Equifax: P.O. Box 105069, Atlanta, GA 30348, 1-888-766-0008, www.alerts.equifax.com

Experian: P.O. Box 9701, Allen, TX 75013, 1-888-397-3742, www.experian.com/fraud/center.html

TransUnion: P.O. Box 2000, Chester, PA 19016, 1-800-680-7289, fraud.transunion.com

Credit Freezes (for Non-Massachusetts Residents): You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a credit freeze. Credit freeze laws vary from state to state. The cost of placing, temporarily lifting, and removing a credit freeze also varies by state, generally \$5 to \$20 per action at each credit reporting agency. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting agency. In order to place

a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major consumer reporting agencies as specified below to find out more information:

Equifax: P.O. Box 105788, Atlanta, GA 30348, 1-800-685-1111, www.equifax.com

Experian: P.O. Box 9701, Allen, TX 75013, 1-888-397-3742, www.experian.com/freeze/center.html

TransUnion: P.O. Box 2000, Chester, PA, 19016, 1-888-909-8872, freeze.transunion.com

You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national consumer reporting agencies listed above.
