

NOTICE OF DATA BREACH

March 24, 2026

Dear Families,

We are contacting you about the recent discovery of the disclosure of personally identifiable information in the Board meeting materials of California Online Public Schools (“CalOPS”).

What Happened, What Information Was Involved, and What We Are Doing:

On or about November 14, 2025, CalOPS became aware that some of its Board meeting agenda packets may have included personally identifiable information (“PII”). Upon becoming aware of the possible disclosure of PII, CalOPS immediately removed the agenda packets posted on its website and conducted a careful review of each agenda packet to determine the nature and scope of the potential disclosure. CalOPS determined that certain agenda packets for Board meetings held from July 1, 2023 through November 2025 included some PII such as student names, parent names, contact information, disability classification, and provider notes.

Protecting the privacy of our students is a top priority for CalOPS and we are taking numerous steps to address the disclosure of PII and prevent future disclosures. In addition to removing all the Board packets with PII, CalOPS is redacting the impacted agenda packets to remove all PII and will repost the redacted agenda packets upon completion. CalOPS will also document the student file of each student whose PII was included in the agenda packets. In addition, comprehensive training will be conducted for staff responsible for compiling the agenda materials and CalOPS will thoroughly review each agenda packet before making the packets publicly available to ensure that no PII is included in the future.

For More Information

Please do not hesitate to contact us with any questions or concerns by calling **(800) 906-5166**, or email at superintendent@californiaops.org.

Sincerely,
