Your privacy is of the utmost importance to us, and we sincerely regret any concern this incident may cause you.

What Happened

On June 12, 2020, the Companies were the victim of a cybersecurity attack by an unauthorized third party, where the unauthorized party attempted to encrypt parts of the Companies’ technology infrastructure (the “**Incident**”). On July 1, 2020, the Companies discovered that the unauthorized third party had gained access to and exfiltrated limited personal information of US employees and consultants, and immediately undertook an investigation to determine the scope of the information affected.

What Information Was Involved

On July 7, 2020, the Companies determined that the following personal information of employees and consultants may have been compromised in the Incident: names, addresses, dates of birth, gender, student status, disability status, type of insurance coverage, payroll information (including information with respect to deductions, 401k, income withholdings, and benefits), banking information (including routing and account numbers), social security numbers and dependent information.

What We Are Doing

The Companies have engaged an industry leading cyber forensic firm to conduct a comprehensive investigation to audit the data exposed and assist the Companies in their remediation efforts. Additionally, to help prevent a similar type of incident from occurring in the future, the Companies have implemented additional security protocols designed to protect their network, email environment, systems, and personal information.

Information About Identity Theft Protection Guide

Contact information for the three nationwide credit reporting companies is as follows:

Equifax	Experian	TransUnion
800-525-6285 P.O. Box 740256 Atlanta, GA 30348 www.equifax.com	888-397-3742 P.O. Box 9554 Allen, TX 75013 www.experian.com	800-909-8872 P.O. Box 105281 Atlanta, GA 30348-5281 www.transunion.com

The following information reflects recommendations from the Federal Trade Commission regarding identity theft protection.

Free Credit Report. We remind you to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, Georgia 30348-5281.

For Colorado, Georgia, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents:

You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Fraud Alert. You may place a fraud alert in your file by calling one of the three nationwide credit reporting agencies above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. Pursuant to the Economic Growth, Regulatory Relief, and Consumer Protection Act, you may place a fraud alert on your file free of charge.

For Colorado and Illinois residents: You may obtain additional information from the credit reporting agencies and the FTC about fraud alerts.

Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too.

How will these freezes work? Contact all three of the nationwide credit reporting agencies – Equifax, Experian, and TransUnion. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee.

Don't confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue.

For New Mexico residents: You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

For Colorado and Illinois residents: You may obtain information from the credit reporting agencies and the FTC about security freezes.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for information on how to prevent or avoid identity theft. You may contact the Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, D.C. 20580, www.ftc.gov/bcp/edu/microsites/idtheft/, 1-877-IDTHEFT (438-4338).

For Maryland residents: You may contact the Maryland Office of the Attorney General, Consumer Protection Division, 200 St. Paul Place, Baltimore, MD 21202, www.oag.state.md.us, 1-888-743-0023.

For Iowa residents: You are advised to report any suspected identity theft to law enforcement or to the Iowa Attorney General.
