NOTICE OF DATA BREACH	
What Happened	<p>PKF, LLP (“we,” “us,” or “our”) is a CPA firm that provides auditing services to employee benefits plans. The protection and privacy of the personal information entrusted to us is one of our highest priorities. Because of this, we are writing to make you aware of a recent data security incident.</p> <p>We recently discovered that a PKF owned, password protected, but unencrypted, laptop was stolen during a theft. When this laptop owned by PKF was stolen, we were engaged in audit services for FormFactor, Inc., on whose behalf we are sending to you this notice. Upon learning of the theft, we promptly investigated the incident, reset the laptop user’s system credentials, and notified law enforcement. At this point, we are not aware of any fraud or identity theft to any individual as a result of this incident, and we do not believe that the data stored on the laptop was the target of the crime. Nevertheless, as part of our investigation, we identified files that would have been locally saved on the laptop and searched for any personal information in these files.</p>
What Information Was Involved	<p>On September 5, 2019, we confirmed that the files on the laptop contained some of your personal information, including your name and Social Security number.</p>
What We Are Doing	<p>We do not know for certain if any of your personal information was ever viewed or acquired by an unauthorized party, and we are not aware of any instances of identity theft as a result of this incident. Although we are not aware of any instances of fraud or identity theft, we are offering you a complimentary, one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. For more information on IdentityWorks Credit 3B, including instructions on how to activate your complimentary, one-year membership, please see the additional information provided in this letter.</p>
What You Can Do	<p>As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state’s attorney general, as well as the Federal Trade Commission (“FTC”).</p>

Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries, including obtaining information about fraud alerts and placing a security freeze on your credit files, is as follows:

Equifax	Experian	TransUnion

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at <http://www.annualcreditreport.com>.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
