### Notice of Data Breach

Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

First Financial Merchant Services, LLC understands the importance of protecting the information we maintain. We are writing to inform you of an incident that may have involved some of your information. This notice explains the incident, measures we have taken, and some steps that you may consider taking.

#### What Happened?

We completed an investigation into unauthorized access to a legacy computer system obtained by First Financial through the acquisition of Billing Orchard, LLC, which was an independent entity until late 2020, at which time it was merged into First Financial. Upon discovering the incident, our dedicated security team immediately took steps to assure the security of our network and began the investigation, with the support of a forensic investigation firm that was engaged to assist. The investigation determined that an unauthorized person obtained access to the Billing Orchard system between May 2017 and May 2019 and may have accessed some files stored on the system.

#### What Information Was Involved?

We reviewed the files involved and determined that your name and credit or debit card number (including expiration date) ending in <<b2b\_text\_1(last numbers of debit card)>> was contained in the impacted files.

#### What We Are Doing.

We regret any inconvenience or concern this incident may cause. To further protect personal information, we have enhanced our existing security protocols and technical defenses.

#### What You Can Do.

We encourage you to remain vigilant by reviewing your account statements for any unauthorized activity. If the credit or debit card issued above remains active and you see charges or activity you did not authorize, please contact the card issuing bank immediately. For additional steps you may consider taking to protect your personal information, please see the additional information provided in this letter.

#### For More Information.

If you have any questions, please call (855) 541-3601 from 8:00 am to 5:30 pm Central Time, Monday through Friday, excluding some U.S. holidays.

Sincerely,

### **Fraud Alerts and Credit or Security Freezes:**

***Fraud Alerts:*** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

***Credit or Security Freezes:*** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

*How do I place a freeze on my credit reports?* There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

*How do I lift a freeze?* A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
