NOTICE OF DATA BREACH

Dear Sample A. Sample:

We are writing to inform you of a data security incident that has affected some of your personal information. We want you to understand what happened, the steps we have taken to address this issue, and additional steps that can be taken to protect your personal information. This letter explains the incident and offers assistance for protecting your information, including complimentary credit and identity monitoring services. We are committed to data protection and deeply regret any concern or inconvenience this incident may have caused.

What Happened

On September 11, 2023, we experienced a cybersecurity incident affecting certain Progressive Leasing systems, during which an unauthorized third-party was able to gain access to our network and to certain files containing personal information of some customers and employees. Promptly after detecting the incident, we engaged leading cybersecurity experts and launched an investigation. We also notified law enforcement. Our team is working diligently alongside our cybersecurity experts and with law enforcement to investigate and respond to this incident. While our investigation into the incident, including identification of the data involved, remains ongoing, our preliminary findings indicate that the unauthorized third-party first gained access to our network on September 9, 2023.

We are conducting an extensive analysis to determine the individuals whose data was involved in this incident. As part of this review process, on October 9, we identified your personal information among the documents that were acquired without authorization.

What Information Was Involved

Based on our investigation and data analysis, the personal information in these stolen documents belonging to you included your name, address, phone number, Social Security number, date of birth, [Extra1], and email address.

What We Are Doing

We understand that this is concerning and want to assure you that we have taken prompt action to address this incident. Upon learning of it, we took immediate steps to secure our network environment, hired cybersecurity experts to assist us in our investigation and containment, and notified law enforcement. We are also working with our cybersecurity experts to continue to strengthen our security controls. As an added precaution and to help protect your identity, we have secured the services of Experian to provide credit monitoring, identity restoration, and identity theft protection at no cost to you, as described in this letter.

You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting agencies. To order your annual free credit report please visit www.annualcreditreport.com or call toll free at **1-877-322-8228**.

You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to:

You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Fraud Alerts. There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft and you have the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Security Freeze. You have the ability to place a security freeze, also known as a credit freeze, on your credit report free of charge. A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may use an online process, an automated telephone line, or submit a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that, if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past 5 years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, and display your name, current mailing address, and the date of issue.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for information on how to prevent or minimize the risks of identity theft.
