### Notice of Data Breach

Dear «First\_Name» «Last\_Name»,

Rail Europe North America Inc. (“RENA” or “we”) is writing to let you, as a customer of RENA, know about a recent data security incident that may have involved your credit card or debit card information and other personal information.

#### What Happened

On February 16, 2018, as a result of a query from one of our banks, we discovered that beginning on November 29, 2017, through February 16, 2018, unauthorized persons gained unauthorized access to our ecommerce websites’ IT platform. Upon discovery that this malicious intrusion may have compromised users’ personal information, we immediately cut off from the Internet all compromised servers on February 16, 2018, and engaged information security experts to assist with forensic analysis, system restoration and security hardening.

#### What Information May Have Been Involved

The personal information that may have been involved is: name, gender, delivery address, invoicing address, telephone number, email address, credit/debit card number, expiration date and CVV of customers, and, in some cases, username and password of registered users who created personal accounts on a RENA website.

#### What We Are Doing

RENA replaced and rebuilt all compromised systems from known safe code, any potentially untrusted components were removed, passwords were changed on all systems and applications, certificates were renewed, and security controls were hardened.

RENA has also provided notice to the credit card brands and our credit/debit card transaction processors.

In addition, we are offering identity theft protection services through ID Experts®, the data breach and recovery services expert, to provide you with MyIDCare™. MyIDCare services include: 12 months of Credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, exclusive educational materials and fully managed id theft recovery services. With this protection, MyIDCare will help you resolve issues if your identity is compromised.

## Recommended Steps to Help Protect Your Information

**Please Note: Minors, under the age of 18, should not have a credit history established and are under the age to secure credit. Therefore credit monitoring may not be applicable at this time. All other services provided in the membership will apply. No one is allowed to place a fraud alert on your credit report except you, please follow the instructions below to place the alert.**

**1. Website and Enrollment.** Go to <https://ide.myidcare.com/raileuropeprotect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter. Once you have completed your enrollment, you will receive a welcome letter by email (or by mail if you do not provide an email address when you sign up). The welcome letter will direct you to the exclusive MyIDCare Member Website where you will find other valuable educational information.

**2. Activate the credit monitoring** provided as part of your MyIDCare membership, which is paid for by Rail Europe North America Inc. Credit and CyberScan monitoring are included in the membership, but you must personally activate it for it to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, MyIDCare will be able to assist you.

**3. Telephone.** Contact MyIDCare at (888) 230-2184 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

**4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to [www.annualcreditreport.com](http://www.annualcreditreport.com) or call 1-877-322-8228 or by completing an Annual Credit Report Request Form and mailing it to **Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281**. (You can print a copy of the request form at [www.consumer.ftc.gov/articles/pdf-0093-annual-report-request-form.pdf](http://www.consumer.ftc.gov/articles/pdf-0093-annual-report-request-form.pdf).) You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

When you receive your credit reports, please carefully review them for accounts that you did not open and inquiries from creditors that you did not initiate. Please also look for any personal information, such as home address or Social Security Number, that is inaccurate. If you discover any suspicious items and have enrolled in MyIDCare, notify them immediately by calling or by visiting their Member website and filing a theft report. Otherwise, call the credit-reporting agency at the telephone number on the report.

If you file a theft report with MyIDCare, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items so we recommend that you request a copy of the police report because you may need to provide it to creditors to help correct your credit report. You can report suspected incidents of identity theft to other local law enforcement or to the Attorney General.

**5. Place Fraud Alerts** with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

## Credit Bureaus

Equifax Fraud Reporting  
1-866-349-5191  
P.O. Box 105069  
Atlanta, GA 30348-5069  
[www.alerts.equifax.com](http://www.alerts.equifax.com)

Experian Fraud Reporting  
1-888-397-3742  
P.O. Box 9554  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)

TransUnion Fraud Reporting  
1-800-680-7289  
P.O. Box 2000  
Chester, PA 19022-2000  
[www.transunion.com](http://www.transunion.com)

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review.

**6. Security Freeze.** By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above in writing to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. The cost of placing the freeze varies by the state you live in and for each credit reporting bureau. The Credit Bureau may charge a fee of up to \$5.00 to place a freeze, lift, or remove a freeze. However, if you are a victim of identity theft and have filed a report with your local law enforcement agency or submitted an ID Theft Complaint Form with the Federal Trade Commission, there may be no charge to place the freeze.

**7. You can obtain additional information** about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
