Look for information, such as home address and Social Security number, that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

We recommend you remain vigilant with respect to reviewing your account statements and credit reports, and promptly report any suspicious activity or suspected identity theft to the proper law enforcement authorities, including local law enforcement, your state's attorney general and/or the Federal Trade Commission ("FTC"). You may contact the FTC or your state's regulatory authority to obtain additional information about avoiding identity theft.

**Fraud Alerts:** There are also two types of fraud alerts that you can place on your credit report to put your creditors on notice that you may be a victim of fraud: an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of

identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for 7 years. You can place a fraud alert on your credit report by calling the toll-free fraud number of any of the three national credit reporting agencies listed below.

Equifax: 1-888-766-0008, [www.equifax.com](http://www.equifax.com)  
Experian: 1-888-397-3742, [www.experian.com](http://www.experian.com)

**Credit Freezes:** You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a credit freeze. Credit freeze laws vary from state to state. The cost of placing, temporarily lifting, and removing a credit freeze also varies by state, generally \$5 to \$20 per action at each credit reporting company. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.* Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax: P.O. Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)  
Experian: P.O. Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)  
TransUnion LLC: P.O. Box 2000, Chester, PA, 19022-2000, [freeze.transunion.com](http://freeze.transunion.com)

You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national credit reporting agencies listed above.
