## NOTICE OF <<Variable Data 1>>

Dear <<Full Name>>:

River Delta Unified School District (“River Delta”) writes to notify you of a recent data event. Although there is no indication that your information has been misused in relation to this event, we are providing you with information about the event, our response to it, and resources available to you to help protect your information, should you feel it appropriate to do so.

**What Happened?** On December 20, 2023, River Delta became aware of suspicious activity affecting certain systems within our network. We promptly took steps to secure our systems and to restore functionality to the affected systems. We also launched an investigation with the assistance of third-party computer specialists to confirm the full nature and scope of the activity. Our investigation determined that an unknown actor gained access to certain River Delta systems on December 20, 2023, and copied certain files stored on our systems.

Out of an abundance of caution, we undertook a comprehensive and time-intensive review of the involved files to determine what information was contained therein and to whom it related. Once this process was complete, we worked to confirm the identities and contact information for potentially affected individuals. Our review was recently completed and indicates your information was contained within the involved files.

**What Information Was Involved?** The information related to you which was present in the involved files includes your name and <<Breached Elements>>. Please note that we have no evidence of actual misuse of your personal information as a result of this event.

**What We Are Doing.** Safeguarding the privacy of information in our care, and the security of our network, are among our highest priorities. Upon learning of this event, we moved quickly to investigate and respond, assess the security of our systems, and notify potentially affected individuals. We also notified the Federal Bureau of Investigation of this event. As part of our ongoing commitment to the security of information within our care, we are reviewing our existing policies and procedures regarding cybersecurity and evaluating additional measures and safeguards to protect against this type of event in the future. We are also implementing additional network security measures to further enhance our network security.

While we have no indication of your information being misused as a result of this event, as an added precaution, we are offering you complimentary access to <<CM Duration>> months of credit monitoring services through Equifax Credit Watch Gold. For enrollment instructions, please review the information contained in the attached *Steps You Can Take to Protect Your Information*.

<sup>1</sup>WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded. <sup>2</sup>The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC. <sup>3</sup>Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit [www.optoutprescreen.com](http://www.optoutprescreen.com) <sup>4</sup>The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

## **Monitor Your Accounts**

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
