**RE: Notice of Data Breach**

Dear <<Name 1>>:

SAC Health System is writing to notify you of a recent data security event that occurred on Netgain Technology, LLC’s (“Netgain”) systems that may impact the privacy of some of your information. Netgain was a third-party service provider to SAC Health System that stored SAC Health System’s medical record database until 2016. **Please note this event did not occur at SAC Health System, nor did it impact the security of SAC Health System’s computer systems in any way.** Although SAC Health System is currently unaware of any misuse of your information, we are nonetheless providing you with information about the incident, SAC Health System’s response, and steps you may take to protect against misuse of your information, should you feel it necessary to do so.

**What Happened?** On January 15, 2021, Netgain disclosed to SAC Health System that a data security incident resulted in the potential for unauthorized access to certain Netgain servers containing SAC Health System’s data between November 15, 2020 and November 22, 2020. SAC Health System immediately began working with Netgain to determine the nature and scope of this potential access, and also launched its own independent investigation into this matter. As a result of this investigation, on April 20, 2021 SAC Health System was able to confirm that certain of its data on Netgain’s servers was indeed subject to unauthorized access. SAC Health System then immediately undertook a review of the data at issue, and out of an abundance of caution, decided to notify all individuals who potentially had data on the Netgain systems at the time of the Netgain event.

**What Information Was Involved?** While the specific data elements vary for each potentially affected individual, and it is important to note that no potentially affected individual would have had all of the data elements listed below present in the impacted files, the scope of information potentially involved includes your: name; address; Social Security number; date of birth; driver’s license number or state identification number; tax identification number; electronic signature; financial account information; medical history information; health insurance or group plan number; subscriber number; health insurance policy number; medical record number; doctor name; prescription information; and reason for absence. SAC Health System is currently unaware of any misuse of information relating to the Netgain event and is providing this notice in an abundance of caution.

**What Are We Doing?** We are no longer using Netgain as a service provider. In an effort to protect against incidents like this in the future, we are working on removing all data from the Netgain systems, and assessing our policies and procedures related to the use of third-party service providers.

Although we are unaware of any actual or attempted misuse of your information as a result of this incident, we are offering you access to <<CM Length>> months of complimentary credit monitoring through Equifax. In addition, we have provided notice to appropriate regulatory authorities.

***What Can You Do?*** We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and explanation of benefits and monitoring your free credit reports for suspicious activity and to detect errors. You may also review the information contained in the attached “Steps You Can Take to Help Protect Your Information.” There you will also find more information on the credit monitoring and identity protection services we are making available to you. While SAC Health System will cover the cost of these services, you will need to complete the activation process. Enrollment instructions are attached to this letter.

***For More Information.*** We recognize that you may have questions that are not addressed in this notice. If you have additional questions or concerns, please call our toll-free dedicated assistance line at 855-654-0896. This toll-free line is available Monday – Friday from 6:00 am to 6:00 pm PDT. Individuals may also write to SAC Health System at 250 S. G Street, San Bernardino, CA 92410.

Sincerely,

SAC Health System

**Monitor Your Accounts**

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
